J. Brown 2008 'Anthony Brown's ingenious interweaving of the tales of these two very different expeditions brings the story of Australia's exploration to life in a riveting and insightful new narrative.' Tim Flannery Amid the Napoleonic Wars, France and Britain launched rival voyages of discovery to the Antipodes. Led by the outstanding naval captains Nicolas Baudin and Mathew Flinders, these expeditions were seen as vital for gathering geographical and scientific knowledge, yet both expeditions ended in personal disaster for their commanders. Drawing extensively on original eye witness accounts, logs and journals, Ill Starred Captains brings to life the tragic histories of the two men for whom 'Fortune had changed seemingly beyond recall, from smiling goddess to right whore.' With a foreword by Tim Flannery, Ill-Starred Captains tells the riveting story of a remarkable competition between two warring colonial nations and provides a major
