Thailand and the Southeast Asian Networks of The Vietnamese Revolution, 1885-1954

Christopher E. Goscha 2013-09-05 Christopher Goscha resituates the Vietnamese revolution and war against the French into its Asian context. Breaking with nationalist and colonial

historiographies which have largely locked Vietnam into 'Indochinese' or 'Nation-state' straightjackets, Goscha takes Thailand as his point of departure for exploring how the Vietnamese revolution was intimately linked to Asia between the birth of the 'Save the King Movement' in 1885 and the Battle of Dien Bien Phu in 1954. But his study is more than just a political history. Goscha brings geography to bear on his subject with a passion. While he considers the little-known political movements of such well-known faces as Phan Boi Chau and Ho Chi Minh across Southeast Asia, the author takes us into the complex Asian networks stretching from northeastern Thailand and the port of Bangkok to southern China and Hong Kong - and beyond. There, we see how Ho and Chau drew upon an invisible army of Vietnamese and Chinese traders, criminals, prostitutes, sailors and above all the thousands of emigres living in Vietnamese communities in Thailand.

At the Edge of the Forest David Porter Chandler 2008 Inspired by David Chandler's groundbreaking work on Cambodian attempts to find order in the aftermath of turmoil, these essays explore Cambodian history using a rich variety of sources that cast light on Khmer perceptions of violence, wildness, and order, examining the "forest" and cultured space, and the fraught "edge" where they meet.

Life and Times of Michael K J. M. Coetzee 2017-01-03 From author of *Waiting for the Barbarians* and Nobel Prize winner J.M. Coetzee.

J.M. Coetzee's latest novel, *The Schooldays of Jesus*, is now available from Viking. *Late Essays: 2006-2016* will be available January 2018. In a South Africa turned by war, Michael K. sets out to take his ailing mother back to her rural home. On the way there she dies, leaving him alone in an anarchic world of brutal roving armies. Imprisoned, Michael is unable to bear confinement and escapes, determined to live with dignity. This life affirming novel goes to the center of human experience—the need for an interior, spiritual life; for some connections to the world in which we live; and for purity of vision.

Cambodge Penny Edwards 2007-02-28 This strikingly original study of Cambodian nationalism brings to life eight turbulent decades of cultural change and sheds new light on the colonial ancestry of Pol Pot's murderous dystopia. Penny Edwards recreates the intellectual milieu and cultural traffic linking Europe and empire, interweaving analysis of key movements and ideas in the French Protectorate of Cambodia with contemporary developments in the Métropole. From the naturalist Henri Mouhot's expedition to Angkor in 1860 to the nationalist Son Ngoc Thanh's short-lived premiership in 1945, this history of ideas tracks the talented Cambodian and French men and women who shaped the contours of the modern Khmer nation. Their visions and ambitions played out within a shifting landscape of Angkorean temples, Parisian museums, Khmer printing presses, world's fairs, Buddhist monasteries, and Cambodian youth hostels. This is cross-cultural history at its best. With its fresh take on the dynamics of colonialism and nationalism, *Cambodge: The Cultivation of a Nation* will become essential reading for scholars of history, politics, and society in Southeast Asia. Edwards' nuanced analysis of

Buddhism and her consideration of Angkor's emergence as a national monument will be of particular interest to students of Asian and European religion, museology, heritage studies, and art history. As a highly readable guide to Cambodia's recent past, it will also appeal to specialists in modern French history, cultural studies, and colonialism, as well as readers with a general interest in Cambodia.

The Life of a Simple Man Émile Guillaumin 1921

Adam Elsheimer, 1578-1610 Rüdiger Klessmann 2006 "Adam Elsheimer is first recorded in 1600 and by 1610 he was dead. But Elsheimer was influential on the coming century to a degree out of all proportion to his brief career and small output. Above all, he revolutionised the handling of light in landscapes and interiors, introducing novel ways of handling complex narratives as well as inventing new subject matter in painting." "Although his importance has always been recognised, appreciation of the artist has been hampered by a lack of good reproductions. This book offers for the first time a host of lavish colour details from his paintings that demonstrate Elsheimer's extraordinarily fine touch and feeling. This major study, the first to appear in English for nearly thirty years, accompanies a landmark exhibition being held at the Stadelches Kunstinstitut in Frankfurt, at the National Gallery of Scotland in Edinburgh and at Dulwich Picture Gallery in London."--BOOK JACKET.

Imprisonment in Medieval England Ralph B. Pugh 2008-09-18 This study traces the subject to the reign of Henry VIII. The author describes the location and analyses the types of prison buildings: county gaols, 'national' prisons (like the Fleet), franchise, municipal, 'bishops' and forest prisons. He also deals with the administration, staffing, repair and appearance of the buildings. Professor Pugh emphasizes that imprisonment was widely used as a punishment and was not wholly custodial and coercive; that the treatment of prisoners, if callous, was not intentionally cruel; and that the exaction of fees and lodging charges was not an 'abuse' but came to be the only way in which imprisonment could be made to work. These views correct prevailing misconceptions. The growth of imprisonment for

debt and the system called 'benefit of clergy' are traced. Several chapters are devoted to escaping and its punitive consequences and to the trial of suspected felons. There is also some discussion of the imprisonment of monks within their monasteries.

Old Families of Louisiana Stanley Clisby Arthur 2009-06 Originally published in 1931, Old Families of Louisiana was compiled in response to a demand for a comprehensive series of genealogical records of the foundation families of the state--families whose ancestors settled with Bienville in New Orleans at the time the famous old city was laid out in the crescent bend of the Mississippi River. This book also answers the call for information on those who came to Louisiana when the golden lilies of France, the castellated banner of Spain, the Union Jack of Great Britain, or the flag of fifteen stars and fifteen stripes waved over the land. During the compilation of the original data it became apparent that the present book would be greatly augmented in interest and value by the addition of genealogical records of other prominent foundation families besides the French and Spanish. For this reason, information was included on the English, Scottish, and Irish lineages whose representatives now form an integral part of the present-day population of Louisiana. In the seventy years since its first publication, Old Families of Louisiana has exceeded the original scope intended. In order to set a limit to its range, it was agreed that only those families settling in Louisiana before and up to the time of the beginning of the American domination in 1803 should be included. Old Families of Louisiana traces the genealogy of such traditional Louisiana families as Fortier, Claiborne, Kenner, Percy, Wiltz, Chalmette, Landry, Derbigny, Butler, St. Martin, and Wilkinson.

Patrician Liberal John Little 2013-12-06

Patrician Liberal examines the life and career of a neglected figure in Canadian history, Sir Henri-Gustave Joly de Lotbinière. This book provides a detailed account of Joly's political

career as Quebec premier, Cabinet minister in the Laurier government, and lieutenant-governor of British Columbia, as well as his public role as a French-speaking Protestant promoter of national unity, a leading spokesperson for the Canadian forest conservation movement, a Quebec seigneur, and father to a large and devoted family. Joly's life serves as a prism through which author J.I. Little elucidates important themes in Quebec and Canadian society, economy, politics, and culture during the Victorian and Edwardian eras. As Little reveals, Joly's story is particularly fascinating for how closely the conflicting forces in his life - religious, cultural, and social - mirrored those of a Canadian society straining to forge a cohesive and distinctive national identity.

Disgrace J. M. Coetzee 2017-01-03 J.M.

Coetzee's latest novel, *The Schooldays of Jesus*, is now available from Viking. Late Essays: 2006-2016 will be available January 2018. Set in post-apartheid South Africa, J. M. Coetzee's searing novel tells the story of David Lurie, a twice divorced, 52-year-old professor of communications and Romantic Poetry at Cape Technical University. Lurie believes he has created a comfortable, if somewhat passionless, life for himself. He lives within his financial and emotional means. Though his position at the university has been reduced, he teaches his classes dutifully; and while age has diminished his attractiveness, weekly visits to a prostitute satisfy his sexual needs. He considers himself happy. But when Lurie seduces one of his students, he sets in motion a chain of events that will shatter his complacency and leave him utterly disgraced. Lurie pursues his relationship with the young Melanie—whom he describes as having hips “as slim as a twelve-year-old's”—obsessively and narcissistically, ignoring, on one occasion, her wish not to have sex. When Melanie and her father lodge a complaint against him, Lurie is brought before an academic committee where he admits he is guilty of all the charges but refuses to express any repentance for his acts. In the furor of the scandal, jeered at by students, threatened by Melanie's boyfriend, ridiculed by his ex-wife, Lurie is forced to resign and flees Cape Town for his daughter Lucy's smallholding in the country. There he struggles to rekindle his relationship

with Lucy and to understand the changing relations of blacks and whites in the new South Africa. But when three black strangers appear at their house asking to make a phone call, a harrowing afternoon of violence follows which leaves both of them badly shaken and further estranged from one another. After a brief return to Cape Town, where Lurie discovers his home has also been vandalized, he decides to stay on with his daughter, who is pregnant with the child of one of her attackers. Now thoroughly humiliated, Lurie devotes himself to volunteering at the animal clinic, where he helps put down diseased and unwanted dogs. It is here, Coetzee seems to suggest, that Lurie gains a redeeming sense of compassion absent from his life up to this point. Written with the austere clarity that has made J. M. Coetzee the winner of two Booker Prizes, *Disgrace* explores the downfall of one man and dramatizes, with unforgettable, at times almost unbearable, vividness the plight of a country caught in the chaotic aftermath of centuries of racial oppression.

Travels Into Spain Madame D'Aulnoy 2014-04-08

'Of all literary fakes this is surely the most impudent, ingenious, and successful. The Comtesse D'Aulnoy was never in Spain (but) she was a born traveller. Not without reason have the editors of *The Broadway Travellers* included her fiction in their library of fact. For, despite its falseness, it is intellectually the real thing.' Saturday Review However her work is judged today, it seems certain that Madame D'Aulnoy was one of the most widely-read and most popular authors of her time. Seeing Spain at a strange moment in her history, it is the end of a great age. The last descendent of Charles V is king; after him the nation is destined to enter upon a new phase, under a new dynasty. After reading this journey we see and touch Spain and the reader can judge the Spanish character from a witness who saw it.

Outsiders Within Jane Jeong Trenka 2021-03-23

Confronting trauma behind the transnational adoption system—now back in print Many adoptees are required to become people that they were never meant to be. While transracial adoption tends to be considered benevolent, it

often exacts a heavy emotional, cultural, and economic toll on those who directly experience it. *Outsiders Within* is a landmark publication that carefully explores this most intimate aspect of globalization through essays, fiction, poetry, and art. Moving beyond personal narrative, transracially adopted writers from around the world tackle difficult questions about how to survive the racist and ethnocentric worlds they inhabit, what connects the countries relinquishing their children to the countries importing them, why poor families of color have their children removed rather than supported—about who, ultimately, they are. In their inquiry, the contributors unseat conventional understandings of adoption politics, reframing the controversy as a debate that encompasses human rights, peace, and reproductive justice. The Little House Jean-Francois de Bastide 1996 Exemplary of an 18th-century literary genre that combined fictional narrative with didactic observations on art and architecture, *The Little House* tells the tale of a seduction in a maison de plaisance outside of Paris. The house itself - its architecture, gardens, artwork, and furnishings - is the central element of a story in which an impressionable woman mistakes good taste for good intentions, with unforeseen results. *The Little House*, long an underground classic among architectural historians and theorists, has never before been published in English. Anthony

Vidler's insightful preface and Rodolphe el-Khoury's informative introduction, notes, and careful translation make the novella more accessible to the contemporary reader. *Histoire Universelle Les Égyptes* Marius Fontane 2019-02-22 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. La Storia Jerre Mangione 1993-09-15 From the early Italian adventurers who played an important role in the European expansion across the Atlantic to the political and business leaders of the 1990s, this book tells a dramatic story. The heart of the story is the mass migration that took place between 1880 and 1924, when a whole culture left its ancient roots to settle in the cities and towns of America.

The First Men in the Moon H.G. Wells 2005-03-31 When penniless businessman Mr Bedford retreats to the Kent coast to write a play, he meets by chance the brilliant Dr Cavor, an absent-minded scientist on the brink of developing a material that blocks gravity. Cavor soon succeeds in his experiments, only to tell a stunned Bedford the invention makes possible one of the oldest dreams of humanity: a journey to the moon. With Bedford motivated by money, and Cavor by the desire for knowledge, the two embark on the expedition. But neither are prepared for what they find - a world of freezing

nights, boiling days and sinister alien life, on which they may be trapped forever.

Party Politics in Southeast Asia Dirk Tomsa 2013 Contributing to the growing discourse on political parties in Asia, this book looks at parties in Southeast Asia's most competitive electoral democracies of Indonesia, Thailand and the Philippines. It highlights the diverse dynamics of party politics in the region and provides new insights into organizational structures, mobilizational strategies and the multiple dimensions of linkages between political parties and their voters. The book focuses on the prominence of clientelistic practices and strategies, both within parties as well as between parties and their voters. It demonstrates that clientelism is extremely versatile and can take many forms, ranging from traditional, personalized relationships between a patron and a client to the modern incarnations of broker-driven network clientelism that is often based on more anonymous relations. The book also discusses how contemporary political parties often combine clientelistic practices with more formal patterns of organization and communication, thus raising questions about neat analytical dichotomies. Straddling the intersection between political science and area studies, this book is of interest to students and scholars of contemporary Southeast Asian politics, and political scientists and Asian Studies specialists with a broader research interest in comparative democratization studies.

Gathering Leaves and Lifting Words Justin Thomas McDaniel 2010-12-01 Winner of the Henry J. Benda Prize sponsored by the Association for Asian Studies *Gathering Leaves and Lifting Words* examines modern and premodern Buddhist monastic education traditions in Laos and Thailand. Through five centuries of adaptation and reinterpretation of sacred texts and commentaries, Justin McDaniel traces curricular variations in Buddhist oral and written education that reflect a wide array of community goals and values. He depicts Buddhism as a series of overlapping processes,

bringing fresh attention to the continuities of Theravada monastic communities that have endured despite regional and linguistic variations. Incorporating both primary and secondary sources from Thailand and Laos, he examines premodern inscriptional, codicological, anthropological, art historical, ecclesiastical, royal, and French colonial records. By looking at modern sermons, and even television programs and websites, he traces how pedagogical techniques found in premodern palm-leaf manuscripts are pervasive in modern education. As the first comprehensive study of monastic education in Thailand and Laos, *Gathering Leaves and Lifting Words* will appeal to a wide audience of scholars and students interested in religious studies, anthropology, social and intellectual history, and pedagogy.

Labeling People Martin S. Staum 2003-08-20

While previous studies have contrasted the relative optimism of middle-class social scientists before 1848 with a later period of concern for national decline and racial degeneration, Staum demonstrates that the earlier learned societies were also fearful of turmoil at home and interested in adventure abroad. Both geographers and ethnologists created concepts of fundamental "racial" inequality that prefigured the imperialist "associationist" discourse of the Third Republic, believing that European tutelage would guide "civilizable" peoples, and providing an open invitation to dominate and exploit the "uncivilizable."

A Source Book for Biographical Literature on Entomologists Pamela Gilbert 2007 This brand new addition to the secondary literature on Entomologists is a labour of love by a greatly respected entomology librarian (retired, of the Natural History Museum, London), and at the same time a very efficient tool for research into the literature references providing biographies, bibliographies, portraits, and any other details on deceased entomologists before the end of 2004. It starts with an introduction, giving information on sources, format, and references used, followed by 615 pages of references. The Supplement contains a list of the names that appear in *A Compendium of the Biographical*

Literature on Deceased Entomologists, published in 1977, for which there are no additional references in the present work. The Addendum lists information from two historical works on entomology published in 2006, which could not be included in the main text.

Engendering the Republic of Letters Susan Dalton 2004-02-03 Being women provided them with a particular perspective, expressed first-hand through their letters. Dalton shows how Lespinasse, Roland, Renier Michiel, and Mosconi grappled with differences of ideology, social status, and community, often through networks that mixed personal and professional relations, thus calling into question the actual separation between public and private spheres. Building on the work of Dena Goodman and Daniel Gordon, Dalton shows how a variety of conflicts were expressed in everyday life and sheds new light on Venice as an important eighteenth-century cultural centre.

Permanent Record Edward Snowden 2019-09-17
NEW YORK TIMES BESTSELLER Edward Snowden, the man who risked everything to expose the US government's system of mass surveillance, reveals for the first time the story of his life, including how he helped to build that system and what motivated him to try to bring it down. In 2013, twenty-nine-year-old Edward Snowden shocked the world when he broke with the American intelligence establishment and revealed that the United States government was secretly pursuing the means to collect every single phone call, text message, and email. The result would be an unprecedented system of mass surveillance with the ability to pry into the private lives of every person on earth. Six years later, Snowden reveals for the very first time how he helped to build this system and why he was moved to expose it. Spanning the bucolic Beltway suburbs of his childhood and the clandestine CIA and NSA postings of his adulthood, Permanent Record is the extraordinary account of a bright young man who grew up online—a man who became a spy, a whistleblower, and, in exile, the Internet's conscience. Written with wit, grace, passion, and an unflinching candor, Permanent Record is a

crucial memoir of our digital age and destined to be a classic.
