The Atheist's Bible: Diderot's 'Éléments de physiologie' Caroline Warman 2020-11-16

'Love is harder to explain than hunger, for a piece of fruit does not feel the desire to be eaten': Denis Diderot's *Éléments de physiologie* presents a world in flux, turning on the relationship between man, matter and mind. In this late work, Diderot delves playfully into the relationship between bodily sensation, emotion and perception, and asks his readers what it means to be human in the absence of a soul. The *Atheist's Bible* challenges prevailing scholarly views on Diderot's *Éléments*, asserting its

contemporary philosophical importance, and prompting its readers to inspect more closely this little-known and little-studied work. In this timely volume, Warman establishes the place of Diderot's *Éléments* in the trajectory of materialist theories of nature and the mind stretching back to Epicurus and Lucretius, and explores the fascinating reasons behind scholarly neglect of this seminal work. In turn, Warman outlines the hitherto unacknowledged dissemination and reception of Diderot's *Éléments*, demonstrating how Diderot's *Éléments* was circulated in manuscript-form as early as the 1790s, thus showing how the text came to influence the next generations of materialist thinkers. This book is accompanied by a digital edition of Jacques-André Naigeon's *Mémoires historiques et philosophiques sur la vie et les ouvrages de Denis Diderot* (1823), a work which, Warman argues, represents the first publication of Diderot's *Éléments*, long before its official publication date of 1875. The *Atheist's Bible* constitutes a major contribution to the field of Diderot studies, and will be of further interest to scholars and students of materialist natural philosophy in the Age of Enlightenment and beyond.

The Red and the Black Stendhal 2021-11-16 The *Red and the Black* Stendhal - First published in 1830, *The Red and the Black*, is widely considered the masterpiece of 19th century French author Marie-Henri Beyle, known more commonly by his pen name, Stendahl. It follows the ambitions of Julien Sorel, a young man raised in the French countryside who wishes to rise above his provincial station by climbing the social ranks of Parisian society. Through a series of events, Julien's talent and hard work give way to deception and hypocrisy when he realizes the limitations for advancement of a sincere and honest man of humble origins. Although Julien

achieves much which he aspires to, ultimately his pride gets the better of him when he commits a violent crime of passion, leading to his tragic downfall. Through the deep psychological introspection of Julien we see Stendhals unique literary genius, the remarkable way in which he allows readers to live in the minds of his characters. Set against the backdrop of the July Revolution of 1830, *The Red and the Black* is a narrative which embodies the rich social conflict of that time. This edition is translated with an introduction by Horace B. Samuel.

Daphne's Dive Quiara Alegria Hudes 2017-09-29 In a tucked away corner of North Philly, six regulars gather at a neighborhood watering hole. Over twenty years, they turn their collective memories into a vivacious mythology. The tales they'd rather forget, however, keep sneaking up and tapping them on the shoulder. At Daphne's Dive, an aloe plant, a girl's sneaker, a stiff drink, and mounds of trash become talismanic treasures to a group of outsiders trying to be "in" together.

Child of the Enlightenment Arianne Baggerman 2009-01-01 A diary kept by a boy in the 1790s sheds new light on the rise of autobiographical writing in the 19th century and sketches a panoramic view of Europe in the Age of Enlightenment. The French Revolution and the Batavian Revolution in the Netherlands provide the backdrop to this study, which ranges from changing perceptions of time, space and nature to the thought of Jean-Jacques Rousseau and its influence on such far-flung fields as education, landscape gardening and politics. The book describes the high expectations people had of science and medicine, and their disappointment at the failure of these new branches of learning to cure the world of its ills.

Suite Française Irene Nemirovsky 2009-03-18 By the early 1940s, when Ukrainian-born Irène Némirovsky began working on what would become *Suite Française*—the first two parts of a planned five-part novel—she was already a highly successful writer living in Paris. But she was also a Jew, and in 1942 she was arrested and deported to Auschwitz: a month later she was dead at the age of thirty-nine. Two years earlier, living in a small village in central France—where she, her husband, and their two small daughters had fled in a vain attempt to elude the Nazis—she’d begun her novel, a luminous portrayal of a human drama in which she herself would become a victim. When she was arrested, she had completed two parts of the epic, the handwritten manuscripts of which were hidden in a suitcase that her daughters would take with them into hiding and eventually into freedom. Sixty-four years later, at long last, we can read Némirovsky’s literary masterpiece. The first part, “A Storm in June,” opens in the chaos of the massive 1940 exodus from Paris on the eve of the Nazi invasion during which several families and individuals are thrown together under circumstances beyond their control. They share nothing but the harsh demands of survival—some trying to maintain lives of privilege, others struggling simply to preserve their lives—but soon, all together, they will be forced to face the awful exigencies of physical and emotional displacement, and the annihilation of the world they know. In the second part, “Dolce,” we enter the increasingly complex life of a German-occupied provincial village. Coexisting uneasily with the soldiers billeted among them, the villagers—from aristocrats to shopkeepers to peasants—cope as best they can. Some choose resistance, others collaboration, and as their community is transformed by these acts, the lives of these these men and women reveal nothing less than the very essence of humanity. *Suite Française* is a singularly piercing evocation—at once subtle and severe, deeply compassionate and fiercely ironic—of life and death in occupied France, and a brilliant, profoundly moving work of art.
