The Lover Marguerite Duras 2011-07-06 An international best-seller with more than one million copies in print and a winner of France's Prix Goncourt, *The Lover* has been acclaimed by critics all over the world since its first publication in 1984. Set in the prewar Indochina of Marguerite Duras's childhood, this is the haunting tale of a tumultuous affair between an adolescent French girl and her Chinese lover. In spare yet luminous prose, Duras evokes life on the margins of Saigon in the waning days of France's colonial empire, and its representation in the passionate relationship between two unforgettable outcasts. Long unavailable in hardcover, this edition of *The Lover* includes a new introduction by Maxine Hong Kingston that looks back at Duras's world from an intriguing new perspective--that of a visitor to Vietnam today.

Larousse trois volumes en couleurs Larousse (Firm) 1965 La publication du L3 remonte à 1965-1966. Depuis cette date, il a été fréquemment réimprimé, chaque fois avec quelques mises à jour, retouches ou additions touchant notamment les mots et expressions récemment entrés en usage, l'histoire récente, les dernières techniques, etc. Les bibliothèques qui n'ont pas cet ouvrage, qui concentre l'imposante documentation contenue dans le "Grand Larousse encyclopédique", feront bien de l'acquérir. Elles disposeront de trois volumes fort attrayants, illustrés en couleurs à toutes les pages et à jour en 1976. Quant aux autres bibliothèques, leur série 1965-1966 a déjà été actualisée par un premier supplément paru en 1972. Elles peuvent, pour le moment, attendre la publication d'un second supplément.

The Louisiana Purchase Junius P. Rodriguez 2002-06-20 Published in celebration of the Purchase's bicentennial, this resource offers a multifaceted view of a watershed American event. In one easy-access resource, *The Louisiana Purchase* brings together the work of over 100 experts covering historical figures, relevant legal and historical concepts, states that formed in the new territory, frontier outposts, and the Native Americans uprooted by expansion westward. The book examines every aspect and consequence of Thomas Jefferson's momentous transaction: the largest real estate deal in American history. Readers will learn how the purchase made Manifest Destiny really seem like destiny; how it sparked the rise of America's urban industrial society and inflamed

passions over the expansion of slavery; and how it triggered tragic conflicts between the government and Native Americans as well as immeasurable environmental damage. Ideal for students, historians, and public and private libraries, the Encyclopedia is the most comprehensive reference ever compiled on an event so central to the American experience that it seems to lie at the heart of everything triumphant and tragic in our history.

Albert Marquet, 1875-1947 Albert Marquet 2013-03 The Baltimore Museum Of Art, The Cincinnati Art Museum, Munson-Williams Proctor Institute, Utica, San Francisco Museum Of Art, Seattle Art Museum. A Source Book for Biographical Literature on Entomologists Pamela Gilbert 2007 This brand new addition to the secondary literature on Entomologists is a labour of love by a greatly respected entomology librarian (retired, of the Natural History Museum, London), and at the same time a very efficient tool for research into the literature references providing biographies, bibliographies, portraits, and any other details on deceased entomologists before the end of 2004. It starts with an introduction, giving information on sources, format, and references used, followed by 615 pages of references. The Supplement contains a list of the names that appear in *A Compendium of the Biographical Literature on Deceased Entomologists*, published in 1977, for which there are no additional references in the present work. The Addendum lists information from two historical works on entomology published in 2006, which could not be included in the main text.

The Sentimental Theater of the French Revolution Cecilia Feilla 2016-03-03 Smoothly blending performance theory, literary analysis, and historical insights, Cecilia Feilla explores the mutually dependent discourses of feeling and politics and their impact on the theatre and theatre audiences during the French Revolution. Remarkably, the most frequently performed and popular plays from 1789 to 1799 were not the political action pieces that have been the subject of much literary and historical criticism, but rather sentimental dramas and comedies, many of which originated on the stages of the Old Regime. Feilla suggests that theatre provided an important bridge from affective communities of sentimentality to active political communities of the nation, arguing that the performance of virtue on stage served to foster the passage from private emotion to public virtue and allowed groups such as women, children, and the poor who were excluded from direct political participation to imagine a new and inclusive social and political structure. Providing close readings of texts by, among others, Denis Diderot, Collot d'Herbois, and Voltaire, Feilla maps the ways in which continuities and innovations in the theatre from 1760 to 1800 set the stage for the nineteenth century. Her book revitalizes and enriches our understanding of the significance of sentimental drama, showing that it was central to the way that drama both shaped and was shaped by political culture.

Jean de Florette Marcel Pagnol 1988 Tells the story of Jean de Florette, a 35-year-old, city-bred, hunchbacked idealist, his wife, Aimee, and his daughter, Manon. In the second novel, Manon seeks revenge for her father's death, and it is she who brings the wheel full circle in a final dramatic retribution in the town square.

The Social Logic of Space Bill Hillier 1989-01-27 The book presents a new theory of space: how and why it is a vital component of how societies work. The theory is developed on the basis of a new way of describing and analysing the kinds of spatial patterns produced by buildings and towns. The methods are explained so that anyone interested in how towns or buildings are structured and how they work can make use of them. The book also presents a new theory of societies and spatial systems, and what it is about different types of society that leads them to adopt fundamentally different spatial forms. From this general theory, the outline of a 'pathology of modern urbanism' in today's social context is developed.

Notorious Woman Elizabeth Urban Alexander 2004-10-01 The legal crusade of Myra Clark Gaines (1804?-1885) has all the trappings of classic melodrama -- a lost heir, a missing will, an illicit relationship, a questionable marriage, a bigamous husband, and a murder. For a half century the daughter of New Orleans millionaire Daniel Clark struggled to justify her claim to his enormous fortune in a case that captivated the nineteenth-century public. Elizabeth Urban Alexander taps voluminous court records and letters to unravel the twists and turns of Gaines's litigation and reveal the truth behind the mysterious saga of this notorious woman. Myra, the daughter of real estate heir Clark and Zulime Carrière, a beautiful young Frenchwoman, was raised by friends of Clark and kept ignorant of her real parentage until 1832, when she discovered her true lineage in letters among her foster father's papers. She thereupon returned to Louisiana with tales of a lost will and a secret marriage between Clark and Carrière and claimed to be Clark's missing heir. Was Myra the legitimate daughter of the prominent merchant or the "fruit of an adulterous union?" The courts would decide. The Great Gaines Case wound its tortuous path through the United States legal system from 1834 until 1891. It was considered by the U.S. Supreme Court seventeen times and pursued even after Gaines's death by lawyers trying to recoup fees. By courageously bringing her case to the courtroom and doggedly keeping it there, Alexander asserts, Gaines helped instigate a new type of family law that provided special protection of women, children, and marriages. Though Gaines never recovered more than a tiny fraction of the rumored millions, this riveting chronicle of her struggle for legitimacy and legacy as told by Elizabeth Urban Alexander is a gold mine for anyone interested in legal history, women's studies, or a good yarn superbly spun.

Reconstructing Historical Communities Alan MacFarlane 2008-10-30 Alan MacFarlane has studied the parishes of Earls Colne in Essex and Kirkby Lonsdale in Cumbria, as well as other parishes, and has undertaken anthropological fieldwork in a contemporary community in Nepal. In collaboration with Sarah Harrison and Charles Jardine he has

devised a method of collecting, breaking down and then reintegrating historical records in a way which makes it possible to answer some of the sociological, demographic, anthropological, geographical and other questions which interest many people. For the amateur historian or genealogist who wants to know about a village or family, the method makes it possible to find out almost everything that survives in historical documents concerning each person who lived in a village, each plot of land and house.

British and French Copyright Stina Teilmann-Lock 2009 This book offers an aesthetic account of intellectual property rights as they concern works of art and literature. The thesis begins with a comparison of British copyright and French droit d'auteur, and goes through a historical survey of licenses and printing privileges in both countries, including the Statute of Anne of 1710 as well as the Fine Arts Act of 1862 in Britain, and La loi du 19 juillet 1793 in France. The core of the thesis is a reading of selected legal cases in Britain and France from the early 19th century to the present. Cases concerning works of art and literature are closely analyzed and compared in terms of their concern and consequences for the scope of protection, the justification for copyright, the concept of the work and of the author/creator, the notion of originality, and the concepts of copying and infringement. Cases are presented chronologically in order to expose trends and developments. It presents, in outline, a conceptual history of reproduction (as substitution, as multiplication, as appropriation), in order to understand the legal conflicts and inconsistencies in copyright law. These particularly concern the disparity between the ownership of an immaterial work and that of its material manifestation, as well as the lack of an appropriate legal distinction between images and texts. Dissertation.

Hiroshima Mon Amour Marguerite Duras 2015-06-30 The award-winning screenplay for the classic film the New York Post hailed as "overwhelming . . . a motion picture landmark." One of the most influential works in the history of cinema, Alain Renais's *Hiroshima Mon Amour* gathered international acclaim upon its release in 1959 and was awarded the International Critics' Prize at the Cannes Film festival and the New York Film Critics' Award. Ostensibly the story of a love affair between a Japanese architect and a French actress visiting Japan to make a film on peace, *Hiroshima Mon Amour* is a stunning exploration of the influence of war on both Japanese and French culture and the conflict between love and inhumanity.

The Salon of 1846 Charles Baudelaire 2021-04-27 In his introduction to Charles Baudelaire's *Salon of 1846*, the renowned art historian Michael Fried presents a new take on the French poet and critic's ideas on art, criticism, romanticism, and the paintings of Delacroix. Charles Baudelaire, considered a father of modern poetry, wrote some of the most daring and influential prose of the nineteenth century. Prior to publishing international bestseller *Les Fleurs du mal* (1857), he was already notable as a forthright and witty critic of art and literature. Captivated by the Salons in Paris, Baudelaire took to writing to express his theories on modern art and art philosophy. The *Salon of 1846* expands upon the tenets of Romanticism as Baudelaire methodically takes his reader through paintings by Delacroix and Ingres, illuminating his belief that the pursuit of the ideal must be paramount in artistic expression. Here we also see Baudelaire caught in a fundamental struggle with the urban commodity of capitalism developing in Paris at that time. Baudelaire's text proves to be a useful lens for understanding art criticism in mid-nineteenth-century France, as well as the changing opinions regarding the essential nature of Romanticism and the artist as creative genius. Acclaimed art historian and art critic Michael Fried's introduction offers a new reading of Baudelaire's seminal text and highlights the importance of his writing and its relevance to today's audience.
