A Sociology of Religious Emotion Ole Riis 2010-06-24 This timely book aims to change the way we think about religion by putting emotion back onto the agenda. It challenges a tendency to over-emphasise rational aspects of religion, and rehabilitates its embodied, visceral and affective dimensions. Against the view that religious emotion is a purely private matter, it offers a new framework which shows how religious emotions arise in the varied interactions between human agents and religious communities, human agents and objects of devotion, and communities and sacred symbols. It presents parallels and contrasts between religious emotions in European and American history, in other cultures, and in contemporary western societies. By taking emotions seriously, A Sociology of Religious Emotion sheds new light on the power of religion to shape fundamental human orientations and motivations: hopes and fears, joys and sorrows, loves and hatreds.

Raymond Queneau's Chêne Et Chien Raymond Queneau 1995 The French writer Raymond Queneau (1903-1976) is coming to be recognized as one of the major voices in 20th-century literature. Although twelve of his novels have been translated, *Chêne et Chien*, considered by specialists to be the keystone of his oeuvre, has not until now been available in English. Labeled a «novel in verse» by Queneau, this autobiographical poem recounts the poet's childhood, portions of that childhood revisited through psychoanalysis, and finally his joy at finding himself whole. The translator's introduction situates the work in Queneau's life and oeuvre, addresses the problem of poetry as autobiography, examines the structure of the poem itself and discusses the difficulties of translating Queneau's many moods and rich wordplay into English verse. Explanatory notes complete the volume.

Christian Pilgrimage in Modern Western Europe Mary Lee Nolan 1992-08 Christian Pilgrimage in Modern Western Europe is a commanding exploration of the importance of religious shrines in modern Roman Catholicism. By analyzing more than 6,000 active shrines and contemporary patterns of pilgrimage to them, the authors establish the cultural significance of a religious tradition that today touches the lives of millions of people. Roman Catholic pilgrimage sites in Western Europe range from obscure chapels and holy wells that draw visitors only from their immediate vicinity to the world-famous, often-thronged shrines at Rome, Lourdes, and Fatima. These shrines generate at least 70 million religiously motivated visits each year, with total annual visitation exceeding 100 million. Substantial numbers of pilgrims at major shrines come from the Americas and other areas outside Western Europe. Mary Lee Nolan and Sidney Nolan describe and interpret the dimensions of Western European pilgrimage in time and space, a cultural-geographic approach that reveals regional variations in types of shrines and pilgrimages in the sixteen countries of Western Europe. They examine numerous legends and historical accounts associated with cult images and shrines, showing how these reflect ideas about humanity, divinity, and environment. The Nolans demonstrate that the dynamic fluctuations in Christian pilgrimage activities over the past 2,000 years reflect socioeconomic changes and technological transformations as well as shifting intellectual orientations. Increases and decreases in the number of shrines established coincide with major turning points in European history, for pilgrimage, no less than wars, revolutions, and the advent of urban-industrial society, is an integral part of that history. Pilgrimage traditions have been influenced by -- and have influenced -- science, literature, philosophy, and the arts. Christian Pilgrimage in Modern Western Europe is based on ten years of research. The Nolans collected information on 6,150 shrines from published material, correspondence with bishops and shrine administrators, and interviews. They visited 852 Western European shrines in person. Their book will be of interest to many general readers and of special value to historians, cultural geographers, students of comparative religion, anthropologists, social psychologists, and shrine administrators.

Death of Camus Giovanni Catelli 2021-02-01 In 1960 a mysterious car crash killed Albert Camus and his publisher Michel Gallimard, who was behind the wheel. Based on meticulous research, Giovanni Catelli builds a compelling case that the 46-year-old French Algerian Nobel laureate was the victim of premeditated murder: he was silenced by the KGB. The Russians had a motive: Camus had campaigned tirelessly against the Soviet crushing of the 1956 Hungarian Revolution, and vociferously supported the awarding of the Nobel Prize to the dissident novelist Boris Pasternak, which enraged Moscow. Sixty years after Camus' death, Catelli takes us back to a murky period in the Cold War. He probes the relationship between Camus and Pasternak, the fraught publication of Doctor Zhivago, the penetration of France by Soviet spies, and the high price paid by those throughout Europe who resisted the USSR.

On a Magical Do-Nothing Day Beatrice Alemanga 2018-08-16 WINNER of the 2018 4-11 Picture Book Awards (Fiction 4-7 category) One of the New York Times Best Illustrated Children's Books of 2017 All I want to do on a rainy day like today is play my game, but my mum says it's a waste of time. The game drives my mum mad. She takes it away. I take it back. I wish Dad had come with us on this rainy, grey weekend. Without my game, nothing is fun. On the other hand, maybe I'm wrong about that...

Letters to Madeleine Guillaume Apollinaire 2018-06-12 When Guillaume Apollinaire was sent to the trenches during World War I, he had already published his groundbreaking book of poems, *Alcools*, inspiring artists of the budding Surrealist movement and making a foundational mark on twentieth-century literature. The letters he sent to his fiancée Madeleine Pagès while fighting on the front in Champagne offer an unprecedented look into the life and mind of this literary great. Ranging from memories of his childhood in Rome with his mother (a Polish noblewoman) to his reflections on literary giants like Racine and Tolstoy, the letters also chronicle his daily life as a soldier in the brutal Great War. Letters to Madeleine is a moving portrait of a poet facing one of humanity's starkest realities, and it will be of interest not only to fans of Apollinaire but to those interested in personal accounts of the First World War as well.

Paris and Rome Austin Gough 1986 Between 1848 and 1853 a doctrinal debate erupted in France between the ultramontanes, who supported a strict and centralized Church, and the gallicans, who favored a Catholicism that was deeply rooted in national character and local institutions. By recalling the bitter memory of this debacle, this book provides the historical background essential for understanding the key issues of the Vatican Council of 1870.

Yoruba Folktales Amos Tutuola 1986 The author ranks as one of the foremost living traditional African storytellers - as recognised by the acclaim of his first book, *The Palmvine Drinkard*. This book includes seven folktales especially for young adults, but of universal appeal. Beautiful black and white ink drawings illustrate the tales whose cast of characters include humans, a goddess, an elephant woman, a boa constrictor and a shell-man.

The English Boccaccio Guyda Armstrong 2013-10-30 The Italian author Giovanni Boccaccio has had a long and colourful history in English translation. This new interdisciplinary study presents the first exploration of the reception of Boccaccio's writings in English literary culture, tracing his presence from the early fifteenth century to the 1930s. Guyda Armstrong tells this story through a wide-ranging journey through time and space - from the medieval reading communities of Naples and Avignon to the English court of Henry VIII, from the censorship of the Decameron to the Pre-Raphaelite Brotherhood, from the world of fine-press printing to the clandestine pornographers of 1920s New York, and much more. Drawing on the disciplines of book history, translation studies, comparative literature, and visual studies, the author focuses on the book as an object, examining how specific copies of manuscripts and printed books were presented to an English readership by a variety of translators. Armstrong is thereby able to reveal how the medieval text in translation is remade and re-authorized for every new generation of readers.

A Catalogue of Polyphonic Songs, 1415-1480 David Fallows 1999 A detailed inventory of polyphonic songs from 1415-1480 in any European language, with language subdivisions: English, French, German (including Flemish), Italian, Latin, Spanish, and textless (this last with musical incipits). Each entry includes full details of all sources, facsimiles, modern editions, paraphrases, citations, etc. The aim is to account for everything that survives or is confidently known to have existed. There are approximately 2,000 main entries, derived from some 200 central sources, with another 200 sources that contain only a few pieces, poetic texts, or otherwise related material. The volume also includes brief descriptions of all the main sources as well as biographical entries for all the composers and poets (keyed to the main catalogue) and an extensive bibliography.

LIVRES DU MOIS JUILLET-AOUT 2001 2001

The Politics of Motherhood Jane Lewis 2024-05-01 During the early twentieth century maternal and child welfare became a national issue for the first time. The child and maternal welfare movement had a significant material and ideological effect on women and it is therefore important to understand the mechanisms which structured and controlled it. Originally published in 1980, *The Politics of Motherhood* asks why child and maternal welfare policy took the particular form that it did during the Edwardian and

inter-war years and in doing so brings together a number of important themes relating to women and social policy. By taking into account not only the professionals involved, but also the mothers themselves - their reactions to the policies implemented and their own demands for change, the study brings to the forefront such themes as the relation between health and the family economy, the control of health care and the control of reproduction. Many issues arising from these themes were of present-day interest at the time, and still are today, such as the medicalisation of childbirth which has involved a loss of control by women over its management. This study illustrates the importance of stopping to examine the pedigree of our social policies and the need to ask whether a policy developed under one specific set of social, economic and political conditions can continue to be relevant in a markedly different situation.

The Resistance Versus Vichy Peter Novick 1968 "Vichy France, officially the French State (État français), was France during the regime of Marshal Philippe Pétain, during World War II, from the German victory in the Battle of France (July 1940) to the Allied liberation in August 1944. Following the defeat in June 1940, President Albert Lebrun appointed Marshal Pétain as Premier of France. After making peace with Germany, Pétain and his government voted to reorganize the discredited Third Republic into an authoritarian regime."--Wikipedia.

Poor and Pregnant in Paris Rachel G. Fuchs 1992 In their attempt to cope with the daunting problems of poverty and pregnancy, poor women in nineteenth-century France struggled with their environment and in some respects helped shape it. Rachel Fuchs reveals who these women were and how they survived. With dramatic detail, and drawing on actual hospital records and court testimonies, Fuchs portrays poor women's childbirth experiences, their use of charity and welfare, and their recourse to abortion and infanticide as desperate alternatives to motherhood. Fuchs also provides a comprehensive description of philanthropic and welfare institutions, and outlines the relationship between the developing welfare state and official conceptions of womanhood. She traces the evolution of a new morality among policymakers in which secular views, medical hygiene, and a new focus on the protection of children replaced religious morality as a driving force in policy formation. Combining social, intellectual, and medical history, this study of poor mothers illuminates both class and gender relations in Paris and brings to light the connection between social policy and the way ordinary women lived their lives. Fuchs's book enriches contemporary debates about maternity leave, abortion rights, and national health care initiatives. Book jacket.

The Glory of Van Gogh Nathalie Heinich 1997-11-16 The author explores how and why the impoverished and mentally tormented Van Gogh came to be glorified shortly after his suicide at the age of 37. Apart from describing his life she also explores the economics of the art market. In an appendix attention is given to Van Gogh and art criticism in France, 1888- 1901.

Secular Spirituality Lynn L. Sharp 2006 Secular Spirituality challenges the traditional dichotomy between Enlightenment reason and religion. It follows French romantic socialists' and spiritists' search for a new spirituality based on reincarnation as a path to progress for individuals and society. Leaders like Allan Kardec argued for social reform; spiritist groups strove for equality; and women mediums challenged gender roles. Lynn L. Sharp looks closely at what it meant to practice spiritism, analysing the movement's social and political critique and explaining the popularity of the new belief. She explores points of convergence and conflict in the interplay between spiritism and science, spiritism and psychology, and spiritism and the Catholic church to argue that the nineteenth century was not as 'disenchanted' as has been thought. Secular Spirituality successfully places spiritism within a larger cultural conversation, going beyond the leaders of the movement to look at the way spiritism functioned for its followers.

Binchois Studies Andrew Kirkman 2000 A man of huge reputation in his lifetime, the fifteenth century composer Binchois remains for us, at the turn of the twenty-first century, one of the key musical figures of his age. In addressing various facets of his life, music, influences, and the world he inhabited, this volume casts new light not only on this enigmatic composer himself but also on the fascinating culture in which his musical personality was shaped.

France and the Cult of the Sacred Heart Raymond Jonas 2000-09-20 In a richly layered and beautifully illustrated narrative, Raymond Jonas tells the fascinating and surprisingly little-known story of the Sacré-Coeur, or Sacred Heart. The highest point in Paris and a celebrated tourist destination, the white-domed basilica of Sacré-Coeur on Montmartre is a key monument both to French Catholicism and to French national identity. Jonas masterfully reconstructs the history of the devotion responsible for the basilica, beginning with the apparition of the Sacred Heart to Marguerite Marie Alacoque in the seventeenth century, through the French Revolution and its aftermath, to the construction of the monumental church that has loomed over Paris since the end of the nineteenth century. Jonas focuses on key moments in the development of the cult: the founding apparition, its invocation during the plague of Marseilles, its adaptation as a royalist symbol during the French Revolution, and its elevation to a central position in Catholic devotional and political life in the crisis surrounding the Franco-Prussian War. He draws on a wealth of archival sources to produce a learned yet accessible narrative that encompasses a remarkable sweep of French politics, history, architecture, and art.

The Bear and the Wildcat Kazumi Yumoto 2023-02-07 When the little bird dies, the bear is inconsolable. Full of grief, he locks himself in his house and ventures out again only when the smell of young spring grass blows through his window. He meets a wildcat and finally feels understood. As the cat plays her violin, the bear remembers all the fun he had with the little bird. Now he can say goodbye to his friend, because he knows he'll always have his memories. The Bear and the Wildcat is a touching picture book about loneliness, grief and loss, ending with a positive new beginning. It shows a way through paralyzing grief and simultaneously tells the story of a budding friendship.

The History and Power of Writing Henri-Jean Martin 1994 Continuing on to the electronic revolution, Martin's account takes in the changes wrought on writing by computers and electronic systems of storage and communication, and offers surprising insights into the influence these new technologies have had on children born into the computer age. The power of writing to influence and dominate is, indeed, a central theme in this history, as Martin explores the processes by which the written word has gradually imposed its logic on society over four thousand years. The summation of decades of study by one of the world's great scholars on the subject, this fascinating account of writing explains much about the world we inhabit, where we uneasily confer, accept, and resist the power of the written word.
