The Lovers Alice Ferney 2002 Pauline is young and coquettish. She is also happily married to Marc and has a child. Gilles, kind and self-confident, is twenty years older and a recent divorcee. After he watches Pauline one morning, he asks to meet her. In spite of herself, Pauline agrees. Alice Ferney unfolds the next stages of the seduction in forensic detail and with devastating lucidity. As Pauline faces the

possibility of an affair, she is thrown into confusion. Is she just feeling flattered because she is desired? Is she indulging in a fantasy version of love? Or could she have truly fallen for a stranger? We also eavesdrop on the lives of the people around Pauline and Gilles, from Pauline's adoring and unsuspecting husband, to Max and Eve's disintegrating marriage, to Penelope and her relationship with a man older than her father, and Laura, who desperately wants a child. Together, their stories make up a complete picture of the changing degrees of love.

UV Serge Joncour 2012-05-30 Winner of the Prix Roman France Télévisions On a hot and lazy sun-drenched afternoon, when one affluent family are at their most docile, most vulnerable, most ripe for the picking, a handsome stranger unexpectedly turns up, and lingers poolside. A

master of the art of deception, Boris introduces himself as an old school friend of Philip, the feckless brother. No matter that Philip has been unreachable for days and yet to arrive for the summer holiday, Boris is welcomed with open arms. As the island's spectacular Bastille Day fireworks celebration looks ever nearer, and Philip's arrival feels increasingly imminent, Boris is embraced wholeheartedly into the family fold. No one seems to notice as he carefully exerts a powerful and sinister influence over them all...

Holographic Visions Sean Johnston 2006-04-06 This is a history of how the new science of holography developed intellectually, socially and culturally. Based on interviews with pioneer holographers and archival research, it shows how science, technology, art and wider culture are entwined in the modern world.

The Econometrics of Individual Risk Christian Gourieroux 2015-07-28 The individual risks faced by banks, insurers, and marketers are less well understood than aggregate risks such as market-price changes. But the risks incurred or carried by individual people, companies, insurance policies, or credit agreements can be just as devastating as macroevents such as share-price fluctuations. A comprehensive introduction, *The Econometrics of Individual Risk* is the first book to provide a complete econometric methodology for quantifying and managing this underappreciated but important variety of risk. The book presents a course in the econometric theory of individual risk illustrated by empirical examples. And, unlike other texts, it is focused entirely on solving the actual

individual risk problems businesses confront today. Christian Gourieroux and Joann Jasiak emphasize the microeconomic aspect of risk analysis by extensively discussing practical problems such as retail credit scoring, credit card transaction dynamics, and profit maximization in promotional mailing. They address regulatory issues in sections on computing the minimum capital reserve for coverage of potential losses, and on the credit-risk measure CreditVar. The book will interest graduate students in economics, business, finance, and actuarial studies, as well as actuaries and financial analysts.

The Moment of Caravaggio

Michael Fried 2010-08-17 This is a groundbreaking examination of one of the most important artists in the Western tradition by one of the leading art historians and critics of the past half-century. In his first extended consideration of the Italian Baroque painter Michelangelo Merisi da Caravaggio

(1573-1610), Michael Fried offers a transformative account of the artist's revolutionary achievement. Based on the A. W. Mellon Lectures in the Fine Arts delivered at the National Gallery of Art, *The Moment of Caravaggio* displays Fried's unique combination of interpretive brilliance, historical seriousness, and theoretical sophistication, providing sustained and unexpected readings of a wide range of major works, from the early *Boy Bitten by a Lizard* to the late *Martyrdom of Saint Ursula*. And with close to 200 color images, *The Moment of Caravaggio* is as richly illustrated as it is closely argued. The result is an electrifying new perspective on a crucial episode in the history of European painting. Focusing on the emergence of the full-blown "gallery picture" in Rome during the last decade of the sixteenth century and the first decades of the seventeenth, Fried draws forth an expansive argument, one that leads to a radically revisionist account of

Caravaggio's relation to the self-portrait; of the role of extreme violence in his art, as epitomized by scenes of decapitation; and of the deep structure of his epoch-defining realism. Fried also gives considerable attention to the art of Caravaggio's great rival, Annibale Carracci, as well as to the work of Caravaggio's followers, including Orazio and Artemisia Gentileschi, Bartolomeo Manfredi, and Valentin de Boulogne.

Fragonard and the Fantasy

Figure Melissa Percival 2012 A fresh interpretation of Fragonard's figures de fantaisie, Fragonard and the Fantasy Figure: Painting the Imagination reconnects Fragonard's paintings with a neglected tradition of fantasy figures in European art, and

situates them within the cultural and aesthetic contexts of eighteenth-century France. This study defines Fragonard as a painter of the imagination, and shows how the fantasy figure, with its unusual juxtapositions and humour, engages the imagination of artist and viewer.

The Earth and Sky of Jacques

Dorme Andreï Makine

2013-07-01 With this novel, Andreï Makine, whose work has been compared to that of Balzac, Chekhov, Pasternak, and Proust, brings to a stunning conclusion his epic trilogy that began with *Dreams of My Russian Summers* and continued with *Requiem for a Lost Empire*. The novel opens in 1942, in a burning, gutted Stalingrad, where the German and Russian armies are locked in a struggle to the death. Amid these ruins, a French pilot and a nurse, also French, are engaged in a passionate affair that each knows will be hopelessly brief. The pilot, Jacques Dorme, was shot down

two years earlier. Imprisoned and sent east to a German POW camp, Dorme made a daring escape and crossed Germany stealthily by night until he arrived in an already devastated Russia, where, having proved his mettle as a pilot, he joined a Russian squadron stationed near Stalingrad. But during the brief time they have together there, the love between Dorme and Alexandra builds and blossoms into a relationship they both know comes but once in a lifetime. Several decades later, the narrator—a Russian exiled in France, a war orphan haunted by his dark childhood and obsessively searching for his roots—travels back to his native land, where in the icy and treacherous wastelands of Siberia he attempts to discover how his life and that of Jacques Dorme are inextricably intertwined.

Bar Balto Faiza Guéne
2011-01-13 Joël, aka 'The Rink' (because his bald patch is shiny enough to skate on), the unpopular owner of the only bar in town has been

murdered. There are so many suspects, it's not so much a question of who did kill him as who didn't. There's Magalie, the temperamental teenager obsessed with Paris Hilton; her troublemaker boyfriend, Tani; Tani's mother, Madame Levi; her unemployed, daytime-TV addicted husband; Yeznig, their younger son, who has learning difficulties but perfect memory recall; and newcomers Ali and Nadia, the Muslim twins struggling to fit in. As the tension mounts and we're still none the wiser, the ending is as tragic as it is unexpected.

The Brotherhood of Book Hunters Raphaël Jerusalmy
2014-11-04 The Da Vinci Code meets Stephen Greenblatt's *The Swerve* in this erudite adventure story set at the dawn of the printed book about the outlaw poet François Villon and the power of words to change the world. François Villon, the world's first poet of modernity, was born in Paris in 1431. He was arrested and condemned to death by hanging in 1462

and exonerated in 1463. Shortly after his release from prison, as far as history is concerned, he disappeared forever. In Raphaël Jerusalmy's thrilling novel, to ensure his release, Villon has accepted a shady deal offered by the Bishop of Paris at the behest of Louis XI. All Villon has to do to earn his freedom is to convince a printer and bookseller to move from Mayence to Paris, telling him that by doing so he'll be better able to circulate progressive ideas that aren't approved of in Rome. Not surprisingly, Villon's task becomes more complicated that it first seemed. With this riveting tale of plots and counterplots involving secret organizations in Jerusalem, intrigue in France, and brigands in Italy, Raphaël Jerusalmy leaves readers with their hearts racing and their imaginations stirred. The Brotherhood of Book Hunters is an irresistible read for lovers of books, adventure, and fine writing.

India V. S. Naipaul 2011-03-22
A New York Times Notable

Book Nobel laureate V. S. Naipaul's impassioned and prescient travelogue of his journeys through his ancestral homeland, with a new preface by the author. Arising out of Naipaul's lifelong obsession and passion for a country that is at once his and totally alien, *India: A Million Mutinies Now* relates the stories of many of the people he met traveling there more than fifty years ago. He explores how they have been steered by the innumerable frictions present in Indian society—the contradictions and compromises of religious faith, the whim and chaos of random political forces. This book represents Naipaul's last word on his homeland, complementing his two other India travelogues, *An Area of Darkness* and *India: A Wounded Civilization*.

Brothas Be, Yo?' Like

George George Clinton
2014-10-21 Legendary leader
of Parliament and Funkadelic,
George Clinton is unique in pop
music - and his story is like
nothing you've ever heard
before. Growing up in 50s New
Jersey, Clinton was obsessed
with doo-wop and R&B.
Nothing unusual there. But
how many kids like that ended
up playing to tens of thousands
of rabid fans while wearing a
diaper? How many of them
built a spaceship, complete
with light and sound effects,
and landed it onstage during
concerts? How many of them
put their stamp on four
decades of pop music, from the
mind-expanding sixties to the
hip-hop-dominated nineties and

beyond? How many of those
kids were artistic visionaries,
merry pranksters, out-of-
control drug addicts, and savvy
businessmen, all rolled into
one? Just the one. So what does
an older, wiser, more sober
George Clinton do? He tells his
story. Now, finally, after fifty
years in the business, Clinton is
ready to deliver the whole P-
Funk saga. It's a story without
compare: the musical
innovations, the rock-and-roll
debauchery, the ups and downs
of his career. More to the
point, it's a story told by the
man who made it happen, and
told in his own unique style,
which combines an almost
photographic recollection of
the events of his life with an
impish sense of humour and a
philosophical bent. There's no
one like George Clinton, and no
one better prepared to tell the
tale of a half-century of
innovation, triumph,
disappointment, addiction,
contradiction, artistry, fandom,
fun, and - above all - funk. How
George Clinton got from Point
A to Point B and beyond - how
he got, in fact, all the way to

Point Z - is a story for the ages. By the dawn of the seventies, he had emerged as the leader of a wild and wildly creative musical movement. Clinton's song titles give some sense of the range and energy of his vision: 'Free Your Mind...And Your Ass Will Follow', 'Cosmic Slop', 'Tear the Roof Off the Mother', 'One Nation Under a Groove'. He made dance music for the mind and did seriously subversive things with joyfully silly comedy. As the eighties dawned, the P-Funk Empire began to collapse under its own weight. Clinton rose from the ashes as a solo artist, starting with the brilliant 'Atomic Dog'. Rappers discovered him, sampling him like crazy. Artists as diverse as Prince, the Red Hot Chili Peppers and Primal Scream, all of whom named Clinton as a formative influence, collaborated with him. Clinton became a global icon, with his instantly recognisable rainbow hair and his tireless dedication to spreading the gospel of funk music.

Cloud Computing For

Dummies Judith S. Hurwitz
2010-01-19 The easy way to understand and implement cloud computing technology written by a team of experts
Cloud computing can be difficult to understand at first, but the cost-saving possibilities are great and many companies are getting on board. If you've been put in charge of implementing cloud computing, this straightforward, plain-English guide clears up the confusion and helps you get your plan in place. You'll learn how cloud computing enables you to run a more green IT infrastructure, and access technology-enabled services from the Internet ("in the cloud") without having to understand, manage, or invest in the technology infrastructure that supports them. You'll also find out what you need to consider when implementing a plan, how to handle security issues, and more. Cloud computing is a way for businesses to take advantage of storage and virtual services through the Internet, saving money on

infrastructure and support This book provides a clear definition of cloud computing from the utility computing standpoint and also addresses security concerns Offers practical guidance on delivering and managing cloud computing services effectively and efficiently Presents a proactive and pragmatic approach to implementing cloud computing in any organization Helps IT managers and staff understand the benefits and challenges of cloud computing, how to select a service, and what's involved in getting it up and running Highly experienced author team consults and gives presentations on emerging technologies Cloud Computing For Dummies gets straight to the point, providing the practical information you need to know.

Canadian Literature in English Cynthia Sugars 2008 This book differs from other anthologies of Canadian literature in its inclusion of substantial contextual material; its historical emphasis on the production of Canadian

literature; its interdisciplinary approach; its emphasis on intertextual dialogue between selections; its inclusion of popular culture texts, such as song lyrics; and its inclusion of a substantial representation of Canadian First Nations writing within a general Canadian Literature anthology.

Holograms Sean Johnston 2016 This volume examines the history of the use of the hologram. Holograms are photographs of interference patterns that, when suitably illuminated, produce three-dimensional images. In its pure form, holography requires the use of laser light for illuminating the subject and for viewing the finished hologram. This work explores how holograms became embedded in modern popular culture. It traces their cultural roots in earlier visual technologies such as stereoscopes and 3-D movies, and examines how holograms of bewildering varieties added novel types of visual spectacle and appeal. The Mirror of Legends Bernard Lazare 2017-08-21 Here

available in English for the first time, in a splendid translation by Brian Stableford, *The Mirror of Legends*, one of the important collections of French Symbolist Bernard Lazare (1865-1903), offers a melange of stories based on Greek, mythological and Biblical sources. In prose coiling as effusively as the smoke from a swinging censer, the esoteric lore of centuries is paraded before the reader in this series of incantatory poem-like tales that form an eclectic myth-cycle of their own. A mixture of erudition, heretical speculation and heightened lyricism, *The Mirror of Legends* presents a unique artistic statement of metaphysics, aesthetics and ethics.

The Paris Lawyer Sylvie Granotier 2014-05-15 This award-winning psychological thriller navigates between the sophisticated corridors of the Paris courts and a small backwater in central France, where rolling hills and quiet country life hide dark secrets. As a child, she was the only witness to a heinous crime.

Now, Catherine Monsigny is an ambitious rookie attorney in Paris, working for a well-known firm. On the side, she does pro bono work and hits the jackpot: a major felony case that could boost her career. A black woman is accused of poisoning her rich farmer husband in a peaceful village in central France, where nothing ever happens. While preparing the case, Catherine's own past comes back with a vengeance. This fast-paced story follows Catherine's determined search for the truth in both her case and her own life. Who can she believe? And can you ever escape from your past? The story twists and turns, combining subtle psychological insight with detailed descriptions of the region." *Love Story* Janine Boissard 2012 Claudio Roman was forced to retire from opera two years ago after a fateful random attack caused him to lose not only his sight but also his confidence as a performer. His prowess with women, however, was not impaired. So why would he hire a petite,

mousy-looking woman as his new publicist, accompanying him night and day on his world travels? Laura accepts this new position at her agency the morning after her twenty-sixth birthday, but not without hesitation. She considers herself a professional who would rather not get involved with such a lothario, but the offer is non-negotiable, and she takes up the post effective immediately. Could Laura's sincerity be just the ticket to restore hope to Claudio's cynical worldview and bring him back around to performing live with the opera.

The Long History of Old Age

Pat Thane 2005 Here is an absorbing and startlingly original illustrated study of one of the great - and most neglected - themes in all history: the ways in which society has perceived old people throughout the ages. From increased life expectancy and 'grey gap years' to dwindling pensions, the pros and cons of aging is a constant theme, yet much of the debate continues to be based on assumptions and misconceptions about the past. Is it true, for instance, that people were considered 'old' at fifty? How far have our ideas about the average life-span in previous centuries been distorted by infant mortality? Were the old respected and cared for? Did sexuality survive into old age? Here, for the first time, a group of leading historians address these and allied questions, writing vividly

about a topic of great contemporary resonance that has for too long been surrounded by taboo. The visual evidence is a vital part of the story, and here the book is equally original. Drawing upon the rich legacy of art through two millennia, with works by a wide range of artists including Whistler, Rembrandt, Rego and Freud, this enthralling human story presents a picture that is sometimes compassionate, sometimes horrifying, but overall unexpectedly reassuring.

Conformism and Public

News Céline Rochon

2011-02-01 We study a model where investment decisions are based on investors' information about the unknown and endogenous return of the investment. The information of investors consists of endogenously determined messages sold by financial analysts who have access to both public and private information on the return of the investment. We assume that the return of the investment is correlated with the aggregate investment. This results into a beauty contest among analysts (or a "conformism" effect). In equilibrium, analysts sell all the information they have to all the investors. A striking result is that there are sometimes multiple equilibria. There are equilibria where the beauty contest is exacerbated. Because of the correlation across analysts' information sources, not all the information available in the economy is transmitted to investors.
