The Lights of Pointe-Noire Alain Mabanckou 2015-05-14 Finalist for the Man Booker International Prize 2015 Alain Mabanckou left Congo in 1989, at the age of twenty-two, not to return until a quarter of a century later. When at last he comes home to Pointe-Noire, a bustling port town on Congo's south-eastern coast, he

finds a country that in some ways has changed beyond recognition: the cinema where, as a child, Mabanckou gorged on glamorous American culture has become a Pentecostal temple, and his secondary school has been re-named in honour of a previously despised colonial ruler. But many things remain unchanged, not least the swirling mythology of Congolese culture which still informs everyday life in Pointe-Noire. Mabanckou though, now a decorated French-Congolese writer and esteemed professor at UCLA, finds he can only look on as an outsider at the place where he grew up. As he delves into his childhood, into the life of his departed mother and into the strange mix of belonging and absence that informs his return to Congo, Mabanckou slowly builds a stirring exploration of the way home never leaves us, however long ago we left home.

Fear and Trembling Amelie Nothomb 2007-04-01 According to ancient Japanese protocol, foreigners deigning to approach the emperor did so only with fear and trembling. Terror and self-abasement conveyed respect. Amélie, our well-intentioned and eager young Western heroine, goes to Japan to spend a year working at the Yumimoto Corporation. Returning to the land where she was born is the fulfillment of a dream for Amélie; working there turns into comic nightmare. Alternately disturbing and hilarious, unbelievable and shatteringly convincing, *Fear and Trembling* will keep readers clutching tight to the pages of this taut little novel, caught up in the throes of fear, trembling, and, ultimately, delight.

Conversations with Professor Y Louis-Ferdinand Céline 2006 So begins the imaginary interview that comprises this novel. Professor Y, the interviewing academic, asks questions that allow Céline, a character in his own book, the chance to rail against convention and defend his idiosyncratic methods. In the course of their outrageous interplay, Céline comes closer to defining and justifying his poetics than in any of his other novels. But this is more than just an interview. As the book moves forward, Professor Y reveals his real identity and the characters travel through the streets of Paris toward a bizarre climax that parodies the author, the critic, and, most of all, the establishment.

Treasure, Memory, Nature Philippe Cordez 2020-09-28 This book traces the origins, economic development, and later history of church treasures, and explores the forms and function of these objects of memory and wonder.00Precious metalwork, relics, chess pieces, ostrich eggs, unicorn horns, and bones of giants were among the treasury objects accumulated in churches during the Middle Ages. The material manifestations of a Christian worldview, they would only later become naturalia and objets d'art, from the sixteenth and the nineteenth century onwards, respectively.00Philippe Cordez traces the rhetorical origination, economic development, and later history of church treasures, and explores the forms and functions of the memorial objects that constituted them. Such objects were a source of wonder for their contemporaries and remain so today, albeit for quite different reasons. Indeed, our fascination relates primarily to their epistemic and aesthetic qualities. Dealing also with these paradigm shifts, this study opens up new paths toward an archeology of current scholarly and museum practices.0Philippe Cordez is Deputy Director of the German Center for Art History in Paris.

Jean Lefebvre de Cheverus, 1768-1836

Annabelle McConnell Melville 1958

The Village Ivan Alekseevich Bunin 1923 A short novel by the Nobel Prize-winning Russian author Ivan Bunin, written in 1909 and first published in 1910 by the Saint Petersburg magazine *Sovremenny Mir* (issues Nos. 3, 10-11) under the title *Novelet*. *The Village* caused much controversy at the time, though it was highly praised by Maxim Gorky (who from then on regarded the author as the major figure in Russian literature), among others, and is now generally regarded as Bunin's first masterpiece. Composed of brief episodes set in its author's birthplace at the time of the 1905 Revolution, it tells the story of two peasant brothers, one a

brute drunk, the other a gentler, more sympathetic character. Bunin's realistic portrayal of the country life jarred with the idealized picture of "unspoiled" peasants which was common for the mainstream Russian literature, and featured the characters deemed 'offensive' by many, which were "so far below the average in terms of intelligence as to be scarcely human".

On Being a Pagan Alain De Benoist 2018-04-23

What is paganism? In this penetrating and tightly argued manifesto, French philosopher Alain de Benoist seeks to answer this question with passionate intellectual vigor and a tremendous erudition. Arising out of the "monotheism vs. polytheism" debate that reverberated through Parisian intellectual circles in the late 1970s, this is neither a survey of ancient, pre-Christian religions, nor is it an argument on behalf of any modern neo-pagan sect. *On Being a Pagan* draws on Nietzsche, Heidegger, ancient philosophy and mythology, and biblical hermeneutics to articulate a pagan theology based on a common Indo-European foundation. In keeping with the critical tradition which harkens back to the Greek philosopher Celsus, Benoist contrasts the heroic pagan worldview with Christianity's attempts to hobble everything that is beautiful and strong. He compares the cyclical pagan conception of time to the de-mythologizing, linear understanding of history favored by the prophets. Most disturbingly, he traces the roots of modern totalitarianism and intolerance--of both the left and the right--to the leveling ideology of ancient Judeo-Christian monotheism, with its underlying rejection of diversity and difference. Originally published to wide critical acclaim in 1981, Benoist's text is as relevant today as it was when it first appeared--and perhaps even more so for the English-speaking world. This newly revised translation now features an extensive interview with the author, and includes his reflections (both positive and negative) on the various groups and individuals that have attempted to resurrect the pagan spirit. Rather than simply dissecting the 2,000-year Christian interregnum, Benoist's greater purpose is to point the way forward to a world that could have been, and which may only now be in the first stages of being reborn.
