The Best of the Best Rice Cooker Cookbook Beth Hensperger 2019-03-19 This beautiful book will have you falling in love with your rice cooker as you use it every day for perfect-every-time rice and an incredibly surprising range of other foods. Rice cookers are ideal for the way we cook today. They are versatile and convenient, with one-button operation and a conveniently small footprint on your kitchen counter—plus, they can be cleaned in a flash when you are done cooking. Rice cookers make foolproof rice and beans, of course; but, as Beth Hensperger shows in this collection of the 100 best recipes from her earlier *Ultimate Rice Cooker Cookbook*, they cook a whole lot more than you might have thought. Here are all sorts of grains beyond rice, including quinoa, millet, and couscous, as well as all the popular pulses and legumes. In these pages, you will also find custards, hot cereals, and puddings, which, it turns out, cook up like a dream in the rice cooker. For substantial meals, there are a host of tasty and easy-to-make risottos, pilafs, chilis, stews, and soups, some with meats and some vegetarian.

Unlike the earlier book, this new book has beautiful color photos to inspire you, as you make a heartwarming Sweet Brown Rice with Curry, Carrots, and Raisins; a zippy Fiery Pineapple Rice with Cashews and Cilantro; or a comforting Millet, Squash, and Sweet Pea Pilaf. Never has such a humble and simple-to-use kitchen appliance seemed so powerful and full of promise.

Cooking With Rice Cookers for Today's College Students Michael C. Song 2006-02 Today, a considerable majority of university dorms do not allow the use of any cooking devises, such as electric woks and crock pots etc., with the exception of a simple rice cooker and possibly a toaster. As a result, students are forced to buy their meals at college cafeterias or local restaurants, which charge an arm and a leg. But now theres a way around the restriction imposed by the dormswith the use of a rice cooker. This book is to share the recipes that I found to be quick and easy to make using the rice cooker with other college students in the hope that they too can save a bundle, eating delicious dishes at the same time. Also, this book is a great book for beginning cooks, since it teaches simple recipes by using a few common ingredients that can also be performed on a stove or electric wok. Furthermore, nearly all of the dishes featured in this book can stand alone as a party or special occasion dish. In preparing this cookbook, I was able to cook enough dishes to host a holiday party all from the recipes shown in this book. I hope that you will enjoy cooking with the recipes in this book, which not only save you a bundle while in college but also continue to serve you throughout your life.
