The Great Omission Jon W Nelms 2011-03-20 In his book, *The Great Omission*, missionary Jon Nelms "tells it like it is" by exposing the failures in missions and the reasons behind them as he leads the reader to logical, Biblical, and proven solutions that, if followed, will allow this to be the first generation to fulfill the Lord's Great Commission since it was assigned some 2,000 years ago. Drawing from the personal stories gleaned from his 24 years of missionary work around the world, Jon will stir, motivate, and may even upset you. In doing so, he will challenge your conceptions and lead you to consider God's plan and methods that have been laid aside to perpetuate the unsuccessful, unbiblical methods that have handicapped missionaries for centuries. It is not likely that you can even get past the preface without your concept of missions being both challenged and changed.

**Free Will, No Choice** Wendy Lee Buckingham 2010-03-18 "Free Will, No Choice" is Wendy Buckingham's first published work, a memoir which chronicles her childhood, adolescence, and how she came to meet and join *The Unification Church* of Rev. Sun Myung Moon. She was to be a faithful follower for half of her adult life before becoming disillusioned by it all after making a pilgrimage to Korea intended to further deepen her faith. The story opens with the recollection of a picture-perfect day with her and her playmates enjoying a carefree life in a wooded bedroom community in the northwest suburbs of Chicago in the mid-1950s. The tragic death of her older sister from leukemia at age 8 creates a tangible

disturbance in the family, and as happens all too frequently when such a tragedy strikes a young married couple, her parents divorce not long after. Her mother decides to move back to her hometown of Denver with Wendy and her younger sister Georgia, just as the girls are reaching adolescence. Mother realizes that she cannot survive for long as a single mom with two daughters without an income, and sets her sights on well-to-do bachelors in the Denver social circles. Drugs and alcohol come to be convenient avenues of escape for the author as she is moved in and out of a variety of schools before finally graduating from high school back in Illinois. She has the opportunity to do some traveling with Georgia before the independent-minded Hitchcock sisters seemingly go their separate ways. In 1975, a letter from Georgia from a new age community outside of San Francisco gets Wendy's attention. Sensing that Georgia may have been lured into a cult of some kind, the author decides to travel to the west coast to see for herself what sister has gotten herself into. Long story short, Georgia's stay with the Creative Community Project (aka *The Unification Church*) ends within 3 months. Wendy's is to last considerably longer. Positive changes in mind, body and spirit are immediately evidenced for our heroine, who begins to experience a most substantial presence of and relationship with God. The first seven years in the movement are spent on MFT (Mobile Fundraising Teams), raising money to support Rev. Moon in his vision of building the Kingdom of Heaven on Earth (even though Jesus very plainly said that *The Kingdom of Heaven is within you...*). Having laid the seven year foundation of fundraising to qualify to be matched (engaged) and blessed (married) by Sun Myung Moon, the scene shifts to New York City and the New Yorker Hotel (now the World Mission Center for *The Unification Church*), where Rev. Moon is preparing to match 1,500 men and women with unshakeable faith in him as the 2nd Coming of Christ. Wendy emerges from the ceremony with her fiancé, Francis Buckingham, and her foot-soldier days are behind her. As family life begins, they find in one another alternative sounding boards for what they really believe and why they are doing what they're doing. With the arrival of their son in 1991, the demands on their time and the little money they have for themselves become more and more unreasonable and unbearable. Where is the messiah when you really need him? As the storm clouds loom in the distance, hope arrives in the form of a book they discover sitting on a shelf in the home of another church couple. It's entitled *A Course in Miracles*. It begins by stating: Nothing real can be threatened, nothing unreal exists. Herein lies the Peace of God. The story of the next leg of the journey is now in progress: the power of Faith guided by Wisdom.

**Finding Oneself in the Other** G. A. Cohen 2012-10-28 This is the second of three volumes of posthumously collected writings of G. A. Cohen, who was one of the leading, and most progressive, figures in contemporary political philosophy. This volume brings together some of Cohen's most personal philosophical and nonphilosophical essays, many of them previously unpublished. Rich in first-person narration, insight, and humor, these pieces vividly demonstrate why Thomas Nagel described Cohen as a "wonderful raconteur." The nonphilosophical highlight of the book is Cohen's remarkable account of his first trip to India, which includes unforgettable vignettes of encounters with strangers and reflections on poverty and begging. Other biographical pieces include his valedictory lecture at Oxford, in which he describes his philosophical development and offers his impressions of other philosophers, and "Isaiah's Marx, and Mine," a tribute to his mentor Isaiah Berlin. Other essays address such topics as the truth in "small-c conservatism," who can and can't condemn terrorists, and the essence of bullshit. A recurring theme is finding completion in relation to the world of other human beings. Engaging, perceptive, and empathetic, these writings reveal a more personal side of one of the most influential philosophers of our time.

But Bea is long gone, and the only one who seems to understand the depths of this betrayal is Lev. If it's family Lo wants, he can make her a new promise . . . if she proves herself to him first. **The Accident** Chris Pavone 2015-01-06 From the author of the New York Times-bestselling and Edgar Award-winning *The Expats* As dawn approaches in New York, literary agent Isabel Reed is turning the final pages of a mysterious, anonymous manuscript, racing through the explosive revelations about powerful people, as well as long-hidden secrets about her own past. In Copenhagen, veteran CIA operative Hayden Gray, determined that this sweeping story be buried, is suddenly staring down the barrel of an unexpected gun. And in Zurich, the author himself is hiding in a shadowy expat life, trying to atone for a lifetime's worth of lies and betrayals with publication of *The Accident*, while always looking over his shoulder. Over the course of one long, desperate, increasingly perilous day, these lives collide as the book begins its dangerous march toward publication, toward saving or ruining careers and companies, placing everything at risk—and everyone in mortal peril. The rich cast of characters—in publishing and film, politics and espionage—are all forced to confront the consequences of their ambitions, the schisms between their ideal selves and the people they actually became. The action rockets around Europe and across America, with an intricate web of duplicities stretching back a quarter-century to a dark winding road in upstate New York, where the shocking truth about the accident itself is buried. Gripping, sophisticated, layered, and impossible to put down, *The Accident* proves once again that Chris Pavone is a true master of suspense.

**(Don't) Call Me Crazy** Kelly Jensen 2018-10-02 Who's Crazy? What does it mean to be crazy? Is using the word crazy offensive? What happens when a label like that gets attached to your everyday experiences? To understand mental health, we need to talk openly about it. Because there's no single definition of crazy, there's no single experience that embodies it, and the word itself means different things—wild? extreme? disturbed? passionate?—to different people. In *(Don't) Call Me Crazy*, thirty-three actors, athletes, writers, and artists offer essays, lists,

comics, and illustrations that explore a wide range of topics: their personal experiences with mental illness, how we do and don't talk about mental health, help for better understanding how every person's brain is wired differently, and what, exactly, might make someone crazy. If you've ever struggled with your mental health, or know someone who has, come on in, turn the pages . . . and let's get talking.

**The Undertaker's Wife** Dee Oliver 2015-03-24 On Dee Branch's first date with Johnnie Oliver, a fourth-generation funeral director, she knew she was in for a unique relationship when he had to leave "for just a minute"—and he came back to the car with a corpse. Over twenty years later, Dee was still in love with her charming southern gentleman when he passed away suddenly in 2007. Determined to carry on Johnnie's work, Dee earned her mortuary science degree, only to find herself no longer needed in the family business. So Dee crossed the racial divide in the most segregated industry in America and joined the staff of an African-American funeral home as a single white woman. In *The Undertaker's Wife*, Oliver draws from her wealth of experience to provide candid and often hysterically funny advice on dying well and surviving the loss of those who have gone before. Her insights on the common ground of grief, survival, and the ever-present faithfulness of God (to all of us, regardless of our race, religious upbringing, or socio-economic background) will help readers prepare for one of life's only certainties—and do it with wisdom, grace, and a healthy dose of joy.

**Quilt** Nicholas Royle 2010-08-01 Facing the disarray and disorientation around his father's death, a man contends with the strange and haunting power of the house his parents once lived in. He sets about the mundane yet exhausting process of sorting through the remnants of his father's life—clearing away years of accumulated objects, unearthing forgotten memories, and the haunted realms of everyday life. At the same time, he embarks on an eccentric side-project. And as he grows increasingly obsessed with this new project, his grip on reality seems to slip. Nicholas Royle challenges and experiments with literary form to forge a new mode of storytelling that is both playful and inquisitive. Tender, absorbing, and at times shockingly funny, this extraordinary novel is both mystery and love story. It confronts the mad hand of grief while embracing the endless possibilities of language.

**The Connected Life** Todd W. Hall 2022-06-28 It's no secret that we live in an increasingly isolated world. The pandemic has only exacerbated what was already a startling trend: loneliness and disconnection have been on the rise for a long time in our society. We long for a deep sense of meaning to make sense of our lives, but we don't know how to find it. Even worse, we often search for it in unhealthy ways that hinder the very thing we're desperate for: genuine relational connection. Psychologist Todd Hall has been researching human relationships and ways of connecting for many years. In *The Connected Life*, he offers the fruit of that work, contending that real human growth doesn't come through head knowledge alone but through relational knowledge and strong attachment bonds. It's our relationships—with God and others—that lead to authentic transformation. Ultimately, the family of God provides the best context for lasting growth. Here is a wise, accessible introduction to transformative relational connection, addressing the deeply felt disconnection in our society and inviting us into lasting relationships with God and others.

*Make Trouble* Cecile Richards 2018-04-03 From Cecile Richards, the former president of Planned Parenthood for more than a decade, daughter of the late Ann Richards, featured speaker at the Women's March on Washington, and "the heroine of the resistance" (*Vogue*), comes "an enthralling memoir" (Booklist, starred review) filled with "practical advice and inspiration for aspiring leaders everywhere" (Hillary Rodham Clinton). Cecile Richards has been an activist since she was taken to the principal's office in seventh grade for wearing an armband in protest of the Vietnam War. Richards had an extraordinary childhood in ultra-conservative Texas, where her civil rights attorney father and activist mother taught their kids to be troublemakers. She had a front-row seat to observe the rise of women in American politics and watched her mother, Ann, transform from a housewife to an electrifying force in the Democratic party. As a young woman, Richards worked as a labor organizer alongside women earning minimum wage, and learned that those in power don't give it up without a fight. She experienced firsthand the misogyny, sexism, fake news, and the ever-looming threat of violence that constantly confront women who challenge authority. Now, after years of advocacy, resistance, and progressive leadership, she shares her "truly inspiring" (Redbook) story for the first time—from the joy and heartbreak of activism to the challenges of raising kids, having a life, and making change, all the while garnering a reputation as "the most badass feminist EVER" (*Teen Vogue*). In the "powerful and infinitely readable" (Gloria Steinem) *Make Trouble*, Richards reflects on the people and lessons that have gotten her through good times and bad, and encourages the rest of us to take risks, make mistakes, and make trouble along the way.

*Stigma Revisited* Stacey Hannem 2012-10-06 *Stigma Revisited: Implications of the Mark* is a collection of qualitative, empirical studies of populations who experience stigma. Discrimination, marginality and social injustice are recognized as indelibly tied to the phenomena of stigma. This volume builds on the work of Erving Goffman and integrates a larger, structural understanding of stigma based in Michel Foucault's governmentality writings. Contemporary notions of risk, riskiness and danger are linked to the labelling of "deviant" populations in the name of social control and risk management; these labels result in the institutional and systemic perpetuation of stereotypes and stigmatic attitudes. The research presented in this book addresses the individual experience of symbolic stigma as well as the collective impact of structural stigma. With unique, personal vignettes that position each of the academic contributors in relation to their subjects, this collection of essays challenges social science researchers to understand their own role in reproducing and contesting hegemonic discourses that stigmatize and marginalize.
