**Topi Shukla** Rāhī Māsūma Razā 2005 "Set in Aligarh in the early 1960s, after the dust of Partition has ostensibly settled, Topi Shukla is a story of two friends - one Hindu and the other Muslim." "Through the characters of people like Topi and Iffan, the novel looks at the lives of ordinary people trying to survive in a society that insists on a brutal conformity of behaviour. It is about individuals whose spirits are paralysed because they cannot conform, and about history's inability to teach mankind any worthwhile lessons." "Language plays an important part in this narrative, operating almost as a character in its own right. Topi, as a Hindi bull in the Urdu china shop, invokes the historical stand-off between the two languages. The novel also explores the culture and psyche

of Uttar Pradesh with its very Muslim Aligarh, its very Hindu Benares, and their exotic confluence in Lucknow."--BOOK JACKET.

**India Since Independence** Bipan Chandra  
2008-02-11 A thorough and incisive introduction to contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its

colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed, as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability. This revised edition offers a scathing analysis of the growth of communalism in India and the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new

millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the move.

The One from the Stars Keshav Aneel, 2017-07-09 “The cost of not following your heart is spending the rest of your life wishing you had.” Vishesh is a dreamer, who is driven by his passion for writing and words. But like most Indian middle class families, his parents are impatient to see him settled in a government job.

Despite all obstacles, making no complaints, he continues to follow the hard path, holding up the promise he had made to himself, trying to fulfil his father's wishes, and failing over and over. Almost everyone - his parents, friends, and the love of his life - leaves his side in the middle of his journey. To worsen things, he is diagnosed with Obsessive Compulsive Disorder, the seriousness of which nobody could decipher before it was too late. Will a dreamer be sacrificed for social standing? Will a heart be crushed to uphold a hollow image? Left alone and misunderstood by everyone he knew, this is Vishesh's intense story of repeatedly falling down and trying to get up on his own, to prove that everyone who dares to follow their heart is not a commoner; he is The One From The Stars.
