The Rings of Saturn W. G. Sebald 2016-11-08 "The book is like a dream you want to last forever" (Roberta Silman, *The New York Times Book Review*), now with a gorgeous new cover by the famed designer Peter Mendelsund A masterwork of W. G. Sebald, now with a gorgeous new cover by the famed designer Peter Mendelsund *The Rings of Saturn*—with its curious archive of photographs—records a walking tour of the eastern coast of England. A few of the things which cross the path and mind of its narrator (who both is and is not Sebald) are lonely eccentrics, Sir Thomas Browne's skull, a matchstick model of the Temple of Jerusalem, recession-hit seaside towns, wooded hills, Joseph Conrad, Rembrandt's "Anatomy Lesson," the natural history of the herring, the massive bombings of WWII, the dowager Empress Tzu Hsi, and the silk industry in Norwich. W.G. Sebald's *The Emigrants* (New

Directions, 1996) was hailed by Susan Sontag as an "astonishing masterpiece perfect while being unlike any book one has ever read." It was "one of the great books of the last few years," noted Michael Ondaatje, who now acclaims *The Rings of Saturn* "an even more inventive work than its predecessor, *The Emigrants*."

The Abbot's Tale Conn Iggulden 2018-05-01 In the year 937, the new king of England, a grandson of Alfred the Great, readies himself to go to war in the north. His dream of a united kingdom of all England will stand or fall on one field—on the passage of a single day. At his side is the priest Dunstan of Glastonbury, full of ambition and wit (perhaps enough to damn his soul). His talents will take him from the villages of Wessex to the royal court, to the hills of Rome—from exile to exaltation. Through Dunstan's vision, by his guiding hand, England will either come together as one great country or fall back into anarchy and misrule . . . From one of our finest historical writers, *The Abbott's Tale* is an intimate portrait of a priest and performer, a visionary, a traitor and confessor to kings—the man who can change the fate of England.

[Call Me Zebra](#) Azareen Van der Vliet Oloomi 2018 Winner of the PEN/Faulkner Award for Fiction "Hearken ye fellow misfits, migrants, outcasts, squint-eyed bibliophiles, library-haunters and book stall-stalkers: Here is a novel for you."--Wall Street Journal "A tragicomic picaresque whose fervid logic and cerebral whimsy recall the work of Bola o and Borges." -- *New York Times Book Review* Finalist for the PEN/Faulkner Award for Fiction * Longlisted for the PEN/Open Book Award * An Amazon Best Book of the Year * A Publishers Weekly Bestseller Named a Best Book by: Entertainment Weekly, Harper's Bazaar, Boston Globe, Fodor's, Fast Company, Refinery29, Nylon, Los Angeles Review of Books, Book Riot, The Millions, Electric Literature, Bitch, Hello Giggles, Literary Hub, Shondaland, Bustle, Brit & Co., Vol. 1 Brooklyn, Read It Forward, Entropy Magazine, Chicago Review of Books, iBooks and Publishers Weekly From an award-winning young author, a

novel following a feisty heroine's quest to reclaim her past through the power of literature—even as she navigates the murkier mysteries of love. Zebra is the last in a line of anarchists, atheists, and autodidacts. When war came, her family didn't fight; they took refuge in books. Now alone and in exile, Zebra leaves New York for Barcelona, retracing the journey she and her father made from Iran to the United States years ago. Books are Zebra's only companions—until she meets Ludo. Their connection is magnetic; their time together fraught. Zebra overwhelms him with her complex literary theories, her concern with death, and her obsession with history. He thinks she's unhinged; she thinks he's pedantic. Neither are wrong; neither can let the other go. They push and pull their way across the Mediterranean, wondering with each turn if their love, or lust, can free Zebra from her past. An adventure tale, a love story, and a paean to the power of language and literature starring a heroine as quirky as Don Quixote, as introspective as Virginia Woolf, as whip-smart as Miranda July, and as spirited as Frances Ha, *Call Me Zebra* will establish Van der Vliet Oloomi as an author "on the verge of developing a whole new literature movement" (Bustle).

In Search of Al Howie Jared Beasley 2019-10-08 The story of Al Howie is a remarkable and at times unbelievable adventure into the heart of the longest races in the world with one of modern history's most eccentric ultra-marathon runners. If you ran 7295 kilometres across Canada in 72 days, wearing three-ounce racing flats, then two weeks later took on the longest certified race on Earth and broke the world record (which happened to be your own), what would you be? Likely an alien. If you won 24-hour races and three-, six-, and seven-day races several times a year in your mid-40s, and ran marathons just for training, what would they call you? Crazy for sure. If you were forever broke and shipped your clothes on buses in order to run free of baggage for thousands of kilometres just to get to races, you'd be institutionalized. And if you did all these things and were institutionalized for the last 15 years of your life, you would be Al Howie. Al Howie was an eccentric among the extreme runners in the ultra-marathon world, and his life was as enigmatic as his runs. Based on

interviews with Howie himself during his final two years (he died in 2016), Jared Beasley's book takes the reader into the amazing and complex world of an astounding figure in modern sports history.

The Dead Eye and the Deep Blue Sea Vannak Anan Prum 2018-08-07 Too poor to pay his pregnant wife's hospital bill, Vannak Anan Prum left his village in Cambodia to seek work in Thailand. Men who appeared to be employers on a fishing vessel promised to return him home after a few months at sea, but instead Vannak was hostaged on the vessel for four years of hard labor. Amid violence and cruelty, including frequent beheadings, Vannak survived in large part by honing his ability to tattoo his shipmates--a skill he possessed despite never having been trained in art or having had access to art supplies while growing up. As a means of escape, Vannak and a friend jumped into the water and, hugging empty fish-sauce containers because they could not swim, reached Malaysia in the dark of night. At the harbor, they were taken into a police station . . . then sold by their rescuers to work on a plantation. Vannak was kept as a laborer for over a year before an NGO

could secure his return to Cambodia. After five years away, Vannak was finally reunited with his family. Vannak documented his ordeal in raw, colorful, detailed illustrations, first created because he believed that without them no one would believe his story. Indeed, very little is known about what happens to the men and boys who end up working on fishing boats in Asia, and these images are some of the first records. In regional Cambodia, many families still wait for men who have disappeared across the Thai border, and out to sea. *The Dead Eye and the Deep Blue Sea* is a testament to the lives of these many fishermen who are trapped on boats in the Indian Ocean.

American Vertigo Bernard-Henri Lévy 2007-12-18 What does it mean to be an American, and what can America be today? To answer these questions, celebrated philosopher and journalist Bernard-Henri Lévy spent a year traveling throughout the country in the footsteps of another great Frenchman, Alexis de Tocqueville, whose *Democracy in America* remains the most influential book ever written about our country. The result is *American Vertigo*, a fascinating, wholly fresh look at a country we sometimes only think we know. From Rikers Island to Chicago mega-churches, from Muslim communities in Detroit to an Amish enclave in Iowa, Lévy investigates issues at the heart of our democracy: the special nature of American patriotism, the coexistence of freedom and religion (including the religion of baseball), the prison system, the "return of ideology" and the health of our political institutions, and much more. He revisits and updates Tocqueville's most important beliefs, such as the dangers posed by "the tyranny of the majority," explores what Europe and America have to learn from each other, and interprets what he sees with a novelist's eye and a philosopher's depth. Through powerful interview-based portraits

across the spectrum of the American people, from prison guards to clergymen, from Norman Mailer to Barack Obama, from Sharon Stone to Richard Holbrooke, Lévy fills his book with a tapestry of American voices—some wise, some shocking. Both the grandeur and the hellish dimensions of American life are unflinchingly explored. And big themes emerge throughout, from the crucial choices America faces today to the underlying reality that, unlike the “Old World,” America remains the fulfillment of the world’s desire to worship, earn, and live as one wishes—a place, despite all, where inclusion remains not just an ideal but an actual practice. At a time when Americans are anxious about how the world perceives them and, indeed, keen to make sense of themselves, a brilliant and sympathetic foreign observer has arrived to help us begin a new conversation about the meaning of America.

Seduced by Mrs. Robinson Beverly Gray

2017-11-07 *An Amazon Best Book of the

Month* “[Gray] writes smartly and insightfully . . .

. The book as a whole offers a fascinating look at how this movie tells a timeless story.” —The

Washington Post Mrs. Robinson, you’re trying to

seduce me. Aren’t you? When *The Graduate*

premiered in December 1967, its filmmakers had

only modest expectations for what seemed to be

a small, sexy art-house comedy adapted from an

obscure first novel by an eccentric twenty-four-

year-old. There was little indication that this

offbeat story—a young man just out of college

has an affair with one of his parents’ friends and

then runs off with her daughter—would turn out

to be a monster hit, with an extended run in

theaters and seven Academy Award nominations.

The film catapulted an unknown actor, Dustin

Hoffman, to stardom with a role that is now

permanently engraved in our collective memory.

While turning the word plastics into shorthand

for soulless work and a corporate, consumer

culture, *The Graduate* sparked a national debate

about what was starting to be called “the

generation gap.” Now, in time for this iconic

film’s fiftieth birthday, author Beverly Gray

offers up a smart close reading of the film itself

as well as vivid, never-before-revealed details

from behind the scenes of the

production—including all the drama and

decision-making of the cast and crew. For movie

buffs and pop culture fanatics, *Seduced by Mrs. Robinson* brings to light *The Graduate*’s huge influence on the future of filmmaking. And it explores how this unconventional movie rocked the late-sixties world, both reflecting and changing the era’s views of sex, work, and marriage.

Douglas MacArthur Arthur Herman 2016-06-14 A new, definitive life of an American icon, the visionary general who led American forces through three wars and foresaw his nation's great geopolitical shift toward the Pacific Rim—from the Pulitzer Prize finalist and bestselling author of *Gandhi & Churchill* Douglas MacArthur was arguably the last American public figure to be worshipped unreservedly as a national hero, the last military figure to conjure up the romantic stirrings once evoked by George Armstrong Custer and Robert E. Lee. But he was also one of America's most divisive figures, a man whose entire career was steeped in controversy. Was he an avatar or an anachronism, a brilliant strategist or a vainglorious mountebank? Drawing on a wealth of new sources, Arthur Herman delivers a powerhouse biography that peels back the layers of myth—both good and bad—and exposes the marrow of the man beneath. MacArthur's life spans the emergence of the United States Army as a global fighting force. Its history is to a great degree his story. The son of a Civil War hero, he

led American troops in three monumental conflicts—World War I, World War II, and the Korean War. Born four years after Little Bighorn, he died just as American forces began deploying in Vietnam. Herman's magisterial book spans the full arc of MacArthur's journey, from his elevation to major general at thirty-eight through his tenure as superintendent of West Point, field marshal of the Philippines, supreme ruler of postwar Japan, and beyond. More than any previous biographer, Herman shows how MacArthur's strategic vision helped shape several decades of U.S. foreign policy. Alone among his peers, he foresaw the shift away from Europe, becoming the prophet of America's destiny in the Pacific Rim. Here, too, is a vivid portrait of a man whose grandiose vision of his own destiny won him enemies as well as acolytes. MacArthur was one of the first military heroes to cultivate his own public persona—the swashbuckling commander outfitted with Ray-Ban sunglasses, riding crop, and corncob pipe. Repeatedly spared from being killed in battle—his soldiers nicknamed him "Bullet Proof"—he had a strong sense of divine mission. "Mac" was a man possessed, in the words of one of his contemporaries, of a "supreme and almost mystical faith that he could not fail." Yet when he did, it was on an epic scale. His willingness to defy both civilian and military authority was, Herman shows, a lifelong trait—and it would become his undoing. Tellingly, MacArthur once observed, "Sometimes it is the order one disobeys that makes one famous." To capture the life of such an outsize figure in one volume is no small achievement. With Douglas MacArthur, Arthur Herman has set a new standard for untangling the legacy of this American legend. Praise for Douglas MacArthur "This is revisionist history at its best and, hopefully, will reopen a debate about the judgment of history and MacArthur's place in history."—*New York Journal of Books* "Unfailingly evocative . . . close to an epic . . . More than a biography, it is a tale of a time in the past almost impossible to contemplate today as having taken place, with MacArthur himself as a figure perhaps too remote to understand, but all the more important to encounter."—*The New Criterion* "With Douglas MacArthur: American Warrior, the prolific and talented

historian Arthur Herman has delivered an expertly rendered, compulsively readable account that does full justice to MacArthur's monumental achievements without slighting his equally monumental flaws."—Commentary

Fracture Philipp Blom 2015-04-14 When the Great War ended in 1918, the West was broken. Religious faith, patriotism, and the belief in human progress had all been called into question by the mass carnage experienced by both sides. Shell shocked and traumatized, the West faced a world it no longer recognized: the old order had collapsed, replaced by an age of machines. The world hurtled forward on gears and crankshafts, and terrifying new ideologies arose from the wreckage of past belief. In *Fracture*, critically acclaimed historian Philipp Blom argues that in the aftermath of World War I, citizens of the West directed their energies inwards, launching into hedonistic, aesthetic, and intellectual adventures of self-discovery. It was a period of both bitter disillusionment and visionary progress. From Surrealism to Oswald Spengler's *The Decline of the West*; from Fritz Lang's *Metropolis* to theoretical physics, and from Art Deco to Jazz and the Charleston dance, artists, scientists, and philosophers grappled with the question of how to live and what to believe in a broken age. Morbid symptoms emerged simultaneously from the decay of World War I: progress and innovation were everywhere met with increasing racism and xenophobia. America closed its borders to European refugees

and turned away from the desperate poverty caused by the Great Depression. On both sides of the Atlantic, disenchanting voters flocked to Communism and fascism, forming political parties based on violence and revenge that presaged the horror of a new World War. Vividly recreating this era of unparalleled ambition, artistry, and innovation, Blom captures the seismic shifts that defined the interwar period and continue to shape our world today.

Fra Keeler Azareen Van Der Vliet Oloomi 2012-10-09 The debut novel from PEN/Faulkner award-winning author of *Call Me Zebra* and *Savage Tongues* is a comic psychological thriller, an absurdist journey into the heart of darkness. A man purchases a house, the house of Fra Keeler, moves in, and begins investigating the circumstances of the latter's death. Yet the investigation quickly turns inward, and the reality it seeks to unravel seems only to grow stranger, as the narrator pursues not leads but lines of thought, most often to hideous conclusions.

One Hundred Bullets Brian Azzarello 2011 "This dark and intriguing Eisner Award-winning series features a mysterious agent named Graves who approaches ordinary citizens and gives them an opportunity to exact revenge on a person who has wronged them. Offering his clients an attaché case containing proof of the deed and a gun, he guarantees his 'clients' full immunity for all of their actions, including murder."--Publisher.

Many Lives Kukrit Pramoj (M.R.) 1999 "That night, the rain poured and wind howled, raindrops crashing like solid objects onto the ground and water. A passenger boat from Ban Phaen to Bangkok, packed with people, pressed on through the current amidst the rising clamor of the rain and storm. . . ." The boat capsizes in the torrent, and washed up on the shore the next morning are the sodden bodies of the many passengers who lost their lives. Thus begins M. R. Kukrit Pramoj's classic novel set in the Thailand of the early 1950s and first published in 1954. The life of each passenger who perished is retraced from birth, revealing a complex web of experiences and emotions. M. R. Kukrit Pramoj (1911-1995) was a writer of renown, politician, prime minister, intellectual, journalist, and classical dancer. He wrote more than 20

books, including the historical novel *Four Reigns*.

Spurious Lars Iyer 2011-01-26 In a raucous debut that summons up Britain's fabled Goon Squad comedies, writer and philosopher Lars Iyer tells the story of someone very like himself with a "slightly more successful" friend and their journeys in search of more palatable literary conferences and better gin. One reason for their journeys: the narrator's home is slowly being taken over by a fungus that no one seems to know what to do about. Before it completely swallows his house, the narrator feels compelled to solve some major philosophical questions (such as "Why?") and the meaning of his urge to write, as well as the source of the fungus ... before it is too late. Or, he has to move.

The Dark Galleries Steven Jacobs 2013 " ... The Dark Galleries deals with American (and some British) films of the 1940s and 1950s, in which a painted portrait plays an important part in the plot or the *mise-en-scène*. Particularly noir crime thrillers, gothic melodramas, and ghost stories feature painted portraits that seem to hold magical power over their beholders. In addition to an extensive introductory essay, this museum guide presents about one hundred entries on the artistic and cinematic aspects of noir and gothic painted portraits."--Page 4 of cover.

Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black

women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.
