The Book Proposal Book

Laura Portwood-Stacer
2021-07-13 A step-by-step guide to crafting a compelling scholarly book proposal—and seeing your book through to successful publication The scholarly book proposal may be academia’s most mysterious genre. You have to write one to get published, but most

scholars receive no training on how to do so—and you may have never even seen a proposal before you’re expected to produce your own. The Book Proposal Book cuts through the mystery and guides prospective authors step by step through the process of crafting a compelling proposal and pitching it to university presses and other academic publishers. Laura Portwood-Stacer, an experienced developmental editor and publishing consultant for academic authors, shows how to select the right presses to target, identify audiences and competing titles, and write a project description that will grab the attention of editors—breaking the entire process into discrete, manageable tasks. The book features over fifty time-tested tips to make your proposal stand out; sample prospectuses, a letter of

inquiry, and a response to reader reports from real authors; optional worksheets and checklists; answers to dozens of the most common questions about the scholarly publishing process; and much, much more. Whether you're hoping to publish your first book or you're a seasoned author with an unfinished proposal languishing on your hard drive, *The Book Proposal Book* provides honest, empathetic, and invaluable advice on how to overcome common sticking points and get your book published. It also shows why, far from being merely a hurdle to clear, a well-conceived proposal can help lead to an outstanding book.

Life Itself Roger Ebert

2011-09-13 Roger Ebert is the best-known film critic of our time. He has been reviewing films for the Chicago Sun-Times since 1967, and was the first film critic ever to win a Pulitzer Prize. He has appeared on television for four decades, including twenty-three years as cohost of Siskel & Ebert at the Movies. In 2006, complications from thyroid cancer treatment resulted in the loss of his ability to eat, drink, or speak. But with the loss of his voice, Ebert has only become a more

prolific and influential writer. And now, for the first time, he tells the full, dramatic story of his life and career. Roger Ebert's journalism carried him on a path far from his nearly idyllic childhood in Urbana, Illinois. It is a journey that began as a reporter for his local daily, and took him to Chicago, where he was unexpectedly given the job of film critic for the Sun-Times, launching a lifetime's adventures. In this candid, personal history, Ebert chronicles it all: his loves, losses, and obsessions; his struggle and recovery from alcoholism; his marriage; his politics; and his spiritual beliefs. He writes about his years at the Sun-Times, his colorful newspaper friends, and his life-changing collaboration with Gene Siskel. He remembers his friendships with Studs Terkel, Mike Royko, Oprah Winfrey, and Russ Meyer (for whom he wrote *Beyond the Valley of the Dolls* and an ill-fated Sex Pistols movie). He shares his insights into movie stars and directors

like John Wayne, Werner Herzog, and Martin Scorsese. This is a story that only Roger Ebert could tell. Filled with the same deep insight, dry wit, and sharp observations that his readers have long cherished, this is more than a memoir-it is a singular, warm-hearted, inspiring look at life itself. "I believe that if, at the end, according to our abilities, we have done something to make others a little happier, and something to make ourselves a little happier, that is about the best we can do. To make others less happy is a crime. To make ourselves unhappy is where all crime starts. We must try to contribute joy to the world. That is true no matter what our problems, our health, our circumstances. We must try. I didn't always know this, and am happy I lived long enough to find it out." -from LIFE ITSELF

Kalu 2017-10-30 In Africa, Chidi Udo is born under the most tragic of circumstances. His mother doesn't survive his birth, but he does have his father to care for him. He grows to be a young man and does well in school but soon loses his father, too. Due to this further tragedy, he is deprived of the opportunity for the university education he so desires. Chidi eventually works as an apprentice for a greedy salesman, who starves and mistreats him. He runs away, forced to live independently and even journey to far off America. One day, young Chidi returns to his birth village of Umueze as a self-made man, respected by all and, yet, the balance of life continues to tip back and forth. *Stages of Life* is arranged in endearing, enlightening episodes, punctuated by African folk wisdom, customs, and beliefs. Chidi's life experiences are laid

bare for all to see and to decide whether the stages of life are fair, cruel, strange, or beautiful. Chidi Udo is an amalgam of all the triumphs, tragedies, and traditions he has experienced as his life swings like a pendulum.

Dunbar-Nelson Tara T. Green

2021-12-16 "A fascinating biography of a fascinating woman." - Booklist, starred review "This definitive look at a remarkable figure delivers the goods." - Publishers Weekly, starred review "A brilliant analysis." - Jericho Brown, Pulitzer Prize winner Featured in Ms. Magazine's "Most Anticipated Reads for the Rest of Us 2022" (books by or about historically excluded groups) Born in New Orleans in 1875 to a mother who was formerly enslaved and a father of questionable identity, Alice Dunbar-Nelson was a pioneering activist, writer, suffragist, and educator. Until now, Dunbar-Nelson has

largely been viewed only in relation to her abusive ex-husband, the poet Paul Laurence Dunbar. This is the first book-length look at this major figure in Black women's history, covering her life from the post-reconstruction era through the Harlem Renaissance. Tara T. Green builds on Black feminist, sexuality, historical and cultural studies to create a literary biography that examines Dunbar-Nelson's life and legacy as a respectable activist - a woman who navigated complex challenges associated with resisting racism and sexism, and who defined her sexual identity and sexual agency within the confines of respectability politics. It's a book about the past, but it's also a book about the present that nods to the future.

continues Bruce Taylor's second series of sermons for the Common Lectionary (Revised), providing traditional and story forms of proclamation for the Sundays and feast days of the latter half of the liturgical year. As in his other collections published by Wipf and Stock, these theologically rich, sacramentally sensitive, and biblically centered offerings testify to God's love of the whole creation, Christian unity, and the deep implications of discipleship. His sermons testify to the indispensable relevance of the church as divine instrument in bringing about the complete fullness of God's purpose. Intended for use by preachers, educators, seminary students, and devotional readers, this book, like its predecessors, will be a welcome companion in probing the genius of the liturgical year and the usefulness of preaching from common texts as Matthew's Gospel and the accompanying lectionary readings shape and are explored in Christian worship.

Along the way, the scriptural testimony to God's interaction with individuals and communities in and through events great and modest will help faithful readers detect the traces of God in their own lives and the workings of history.

How Old Are You? Howard P. Chudacoff 2020-11-10 Most Americans take it for granted that a thirteen-year-old in the fifth grade is "behind schedule," that "teenagers who marry "too early" are in for trouble, and that a seventy-five-year-old will be pleased at being told, "You look young for your age." Did an awareness of age always dominate American life? Howard Chudacoff reveals that our intense age consciousness has developed only gradually since the late nineteenth century. In so doing, he explores a wide range of topics, including

demographic change, the development of pediatrics and psychological testing, and popular music from the early 1800s until now. "Throughout our lifetimes American society has been age-conscious. But this has not always been the case. Until the mid-nineteenth century, Americans showed little concern with age. The one-room schoolhouse was filled with students of varied ages, and children worked alongside adults.... [This is] a lively picture of the development of age consciousness in urban middle-class culture." --Robert H. The Original Amos 'n' Andy

Elizabeth McLeod 2015-07-11 This critical reexamination of Amos 'n' Andy, the pioneering creation of Charles Correll and Freeman Gosden, presents an unapologetic but balanced view lacking in most treatments. It relies upon an untapped resource—thousands of pages of scripts from the show's nearly forgotten earliest version, which most clearly reflected the vision of its creators. Consequently, it provides fresh insights and in

part refutes the usual blanket condemnations of this groundbreaking show. The text incorporates numerous script excerpts, provides key background information, and also acknowledges the show's importance to radio broadcasting and modern entertainment.

Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre.
